OF THE

Government of His Highness the Maharaja of Mysore

DECEMBER 1910.

BANGALORE:
PRINTED AT THE GOVERNMENT PRESS
1910.

PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ AGAIN—

Government Proceedings No. R. 5869-70—L. R. 427-92-93-24, dated the 9th February 1909, directing that the assessment at the low rate of 3 annas an acre fixed on Survey Nos. 16 and 17 (extent about 786 acres) of Kannayakana Agrahara, Anekal Taluk, which were granted to the late Mr. Syed Nasiruddin, Assistant Commissioner and Officiating Deputy Commissioner, during the Survey and Settlement be revised and the lands confirmed to the representatives of Mr. Syed Nasiruddin, if they agreed to pay the revised assessment.

2. Government Proceedings No. R. 5871-3—R. M. 164-05-21, dated the 9th February 1909, ordering the restoration to Nanjundappa, representative of Lakshmiramanappa (deceased), cloth merchant, Bangalore, of a piece of Hulgaval land included in Survey No. 6 of Bilvarahalli village, Jigani hobli, Anekal Taluk, which had been taken away from the holding of the previous occupant Yellappa at the Survey and Settlement of the village in 1891-92 and given to the late Mr. Syed Nasiruddin on a light assessment of 3 annas per acre, and directing the constitution of the lands into separate survey numbers and the revision of the assessment thereon.

READ ALSO—

Letter No. 109, dated the 4th May 1909, from the Superintendent of Revenue Survey and Settlement, soliciting a reconsideration of the orders above referred to so far as they relate to the revision of assessment, as it is contrary to the terms of the survey guarantee to interfere with the rates of assessment fixed at a settlement during its currency.

2. Petitions dated 16th November 1909 and 2nd and 11th February 1910, from Khatma Bi, widow of the late Mr. Syed Nasiruddin, praying for a review of the orders read above on the ground that Nanjundappa has not proved his title to the land said to have been included in Survey No. 6 of Bilvarahalli, which has been in the petitioner's possession for more than 12 years, and that the revision of the assessment is opposed to the terms of the survey guarantee.

3. Correspondence ending with letter No. 88, dated the 23rd March 1910, from the Superintendent of Revenue Survey and Settlement, explaining the difficulties in the way of carrying out the sub-division of the land as ordered by Government, and stating that the widow of the late Mr. Syed Nasiruddin protests against any sub-division being effected till final orders are passed on her review petitions.

4. The available records connected with the two cases received from the Superintendent of Revenue Survey and Settlement and the Deputy Commissioner, Bangalore District.

No. R. 3860-2—L. R. 431-08-6, DATED BANGALORE, 16TH DECEMBER 1910.

ORDER THEREON.—The points urged for reconsideration are (1) whether the assessment on the lands referred to in the two Government Orders read above may be revised during the currency of the original Survey Settlement at which it was fixed, and (2) whether it would be lawful for Government to deprive the representative of the late Mr. Syed Nasiruddin of a portion of Survey No. 6 of Bilvarahalli which has been in his possession for over 12 years.

2. The Superintendent of Revenue Survey is of opinion that the rate of assessment cannot be interfered with during the currency of the present settlement, that the rate of 3 annas an acre, which was considered to be a reasonable and fair rate for a large extent of land consisting mostly of kharab lands with patches of culturable area here and there, cannot be regarded as a special or a reduced or a light rate of assessment, that such low rates have in similar circumstances been approved by Government in other cases, and that the propriety of the rate adopted 17 years ago should not be judged by the present value of the land.

3. On further consideration, Government are of opinion that the arguments advanced by the Superintendent of Revenue Survey are of much weight. They therefore direct that the direction contained in the two Proceedings read above for the revision of the rate of assessment be abrogated and that the existing assessment be continued during the currency of the original settlement.

Land Revenue, dated 16th December 1910.

4. As regards the second point the parties concerned were heard in person on the 22nd September 1910. Nanjundappa, the counterpetitioner is unable to show sufficient cause why the 2nd of the orders read above should not be cancelled. As Mr. Nasiruddin and his heirs have held adverse possession of a portion of Survey No. 6 of Bilvarahalli (which belonged to Malur Yellappa) for more than 12 years, there is no object in sub-dividing that portion and registering it in the name of Nanjundappa (Yellappa's representative in title) as the latter will in any case have to go to a Civil Court to recover possession. Government therefore direct in supersession of the aforesaid order that matters be left entirely *sattu quo* as they were settled by the Superintendent of Revenue Survey at the time of Survey and Settlement.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey and Settlement returning the records received with his letters Nos. 88, dated 23rd March 1910 and 37, dated 19th September 1910.
The Revenue Commissioner in Mysore for information.
The Deputy Commissioner, Bangalore District.

READ—

1. Government Order No. R. 5447-56—L. S. 9-06-4, dated the 28th November 1906, directing that applications from inamdars for the extension of the provisions of Chapters VIII to X of the Land Revenue Code into their inam villages be submitted to Government through the Revenue Commissioner :—

"Read letter No. 3794 of the 15th October 1906, from the Revenue Commissioner in Mysore, stating that at present proposals for the introduction of survey settlement into alienated villages are being submitted to Government direct by the Survey and Settlement Commissioner without reference to the Revenue Commissioner, and requesting orders as to whether such cases are not Revenue matters in which he (the Revenue Commissioner) should be consulted before orders of Government are passed thereon.

ORDER THEREON.—Government agree that cases of the kind referred to should come up to Government through the Revenue Commissioner. They accordingly direct that, in future, all applications from the holders of alienated villages for the extension to such villages of the provisions of Chapters VIII to X of the Land Revenue Code, be presented in the first instance to the Deputy Commissioner of the District, who will, if no objection exists to the application being sanctioned, take the necessary mutchalikas or agreements, and forward them with his report to the Revenue Commissioner. The latter will submit them with his opinion to Government for orders. When orders are passed by Government sanctioning the application, the Survey and Settlement Commissioner will take the necessary action in the matter."

---

2. *Letter No. 7, dated the 27th May 1907, from Col. J. P. Grant, Survey and Settlement Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.*

I have the honor to submit for the orders of Government letter No. 287, dated 20th November 1906, from the Deputy Superintendent, Revenue Survey and Settlement, on the subject of the procedure when inamdars apply for the introduction of the survey and settlement into their villages.

2. The procedure to be adopted in submitting applications from the holders of alienated villages for the extension to such villages of the provisions of Chapters VIII to X of the Land Revenue Code, was laid down in Government Proceedings No. R. 5447-56—L. S. 9-06-4, dated 28th November 1906. The present reference is with regard to the action to be taken by the Survey Department after orders have been passed by Government sanctioning the application.

3. There are two phases of difficulty: (i) the taking up for detail survey of the villages concerned precisely at the time the holders of the same choose to apply, thereby entailing inconvenience and loss to Government who bear all the cost, and to the inamdar himself because the rates must be assimilated to those *sanctioned* by Government in neighbouring Sirkar villages and (ii) the want of co-operation, sometimes unavoidable, sometimes deliberate, on the part of the inamdars.

4. As regards the first point, it is clear that the detailed survey and settlement of inam villages must be expensive in proportion to their scattered and isolated position and their remoteness from the *locale* of survey operations generally. The last-mentioned is the most serious factor, for if the work lies out of the regular sequence of operations the travelling of both men and officers and, in the matter of announcing the rates, of some Revenue officer also, is greatly increased, to the detriment of more important work. Carried out *pari passu* with the ordinary survey, now entirely resurvey, operations, the detailed survey and settlement of inam villages is both cheap and effective. It is of course also evident that it is to the Inamdar's advantage that the rates in his village should be assimilated to those most recently sanctioned by Government in neighbouring Sirkar villages.

5. As regards the second point, namely, want of co-operation, Mr. Shama Rao who, if any one, is entitled to be credited with a knowledge of the subject, explains, at para 3 of his letter, why survey operations do not proceed smoothly in inam villages, especially in those out of the regular sphere of survey operations and it is needless for me to go over the same ground again.

6. The promulgation of the Order of Government quoted at para 2 above, laying down that the Revenue Commissioner should forward applications, for the extension of the provisions of Chapters VIII to X of the Land Revenue Code, for the final orders of Government,

necessitates some modification of the Rules suggested by Mr. Shama Rao which I think might now read as follows:—

(i) When Government have published their sanction to the application of the holder of an inam village for the extension to such village of the provisions of Chapters VIII to X of the Land Revenue Code, the Superintendent of Survey will give the work (to follow), its proper place in the Survey programme, with due regard to economy and urgency. In the event of the taluk in which the inam village is situated being nearly ready for revision, the Superintendent of Survey will be responsible for timing operations in the latter, in the manner most advantageous to Government as well as to the inamdar.

(ii) The holders of the alienated village concerned shall be called upon to deposit such sum as may be fixed by the Superintendent of Survey to cover the cost of paid labour that may have to be put on for measurement and erection of boundary marks, in case the inamdar or his raiyats fail to render timely help. If such help be rendered, the amount deposited will be refunded to the inamdar, on completion of the work, either wholly or such balance of it as may remain after defraying the cost of labour rendered necessary. Any sum thus expended on labour will be refunded to the inamdar after it is recovered from the raiyats concerned through the Revenue authorities under the provisions of the Land Revenue Code.

(iii) The inamdar or his agent and the village servants shall be bound to remain in the village during the progress of measuring and classing operations and render every reasonable help towards the speedy completion of the work.

7. The Survey Department will, of course, take no action until Government have notified the extension to the villages concerned of the necessary provisions of the Land Revenue Code but the nearness or otherwise of the revision settlement may perhaps be considered by the Revenue Commissioner in the recommendation to be made to Government in the case of any village as required by the Proceedings of 28th November 1906 quoted at para 2 above.

(ENCLOSURE TO THE ABOVE.)

Letter No. 287, dated 20th November 1906, from D. Shama Rao, Esq., Deputy Superintendent, Mysore Revenue Survey, to the Survey and Settlement Commissioner in Mysore.

With reference to para 6 of the Mysore Government Proceedings No. R. 2656-67—L. S. 53-05-3, dated 30th August 1906, reviewing the Annual Progress Report of the Mysore Revenue Survey Department for the year ending 31st October 1905, *in re* alteration in the present practice relating to the detail survey of inam villages when the inamdars are desirous of introducing survey and settlement into their inam villages, I beg to submit the following for your consideration and orders.

2. When inamdars apply in writing for the introduction of survey and settlement, the Government, on the recommendation of the Survey and Settlement Commissioner, extend the provisions of Chapters VIII to X of the Land Revenue Code to such villages. The introduction of a survey settlement confers on their raiyats all the rights with their attendant responsibilities, enjoyed by holders of land in unalienated or Government villages. In view more of these benefits conferred on raiyats of inam villages, the Government, I think, bear the cost of establishment charges connected with the introduction of survey and settlement. It is only when inamdars object to the introduction of rates fixed, they are called upon to bear the charges of these operations.

3. Most of the inam villages for which applications have been hitherto received are scattered over several taluks and far away from taluks, the resurvey operations of which are shortly to be taken up. Measurers sent to such villages will therefore be far away from the camps of measuring assistants and be beyond their personal supervision. Inamdars generally apply for introduction of survey settlement when they find that the relationship between them and their raiyats is strained and difficulties for collection of their land revenue are increasing. When measurers are sent to these villages for carrying out survey, they are looked upon by raiyats with no friendly eye. The raiyats, at the start, decline to co-operate, shifting the burden on inamdars, or if they consent to co-operate, they show apathy and greatly retard progress. The inamdars are, very often, unable to give any assistance, as they have no hold on their raiyats. The taluk authorities can do nothing in the matter as they have no direct concern with the raiyats of inam villages. In several cases, the measurers lose their valuable time in seeing preliminary arrangements completed; and thus the measurement of inam villages scattered over several taluks will seriously affect the outturn of Resurvey work by Measuring and Classing Establishments, causing unnecessary loss to Government,

Land Survey, dated 12th December 1910.

4. The suggestion contained in para 13 of the Annual Progress Report referred to above will solve our Departmental difficulties to a great extent. But there may be instances in which the postponement of survey and settlement until the taluk is taken up for resurvey, may cause hardship to Inamdars or their raiyats or to both.

5. As a remedial measure, I beg to submit the following draft rules for your consideration:—

"I. Inamdars who apply for the introduction of survey and settlement into their inam villages, shall be called upon to deposit such sum as may be fixed by the Survey and Settlement Commissioner to cover the cost of paid labor that may be put on, for measurement and erection of boundary marks, in case the inamdar or his raiyats do not render timely help. If the inamdar or his raiyats render ready and prompt help to survey operations, the amount deposited will be refunded to him on completion of work. If, on the contrary, paid labor has to be put on, the amount spent on this account will be refunded to him, after it is recovered from the raiyats concerned through the Revenue authorities under the provisions of the Land Revenue Code.

"II. The inamdars or their agents and the village servants shall be bound to remain in their villages, during the progress of measuring and classing operations and render every reasonable help in speedy completion of the work of their villages.

"III. The detail survey of inam villages will not be taken up if there be a near prospect of resurvey operations of the taluks in which the inam villages are situated, being commenced. The decision of the Survey and Settlement Commissioner shall be final on this point."

---

3. Letter No. 9014, dated the 14th March 1910, from Rajakarya Pravina A. Rangaswami Iyengar, Esq., B.A., B.L., *Revenue Commissioner in Mysore, to the Secretary to Government, General and Revenue Departments.*

Adverting to your letter No. R. 10432—L. S. 70-06-2, dated 5th June 1907, forwarding for my opinion Survey and Settlement Commissioner's letter No. 7, dated 27th May 1907, suggesting certain rules of procedure to be adopted when inamdars apply for the introduction of survey and settlement into their inam villages, I have the honor to state that the difficulties represented by the Survey Department are quite real and the rules proposed by Colonel Grant may, with advantage, be adopted with slight modification as indicated below.

2. The general tendency of inamdars is to postpone applying for introduction of survey and settlement into their villages indefinitely and to lose opportunities, even when they present themselves, of having the same carried out with ease. It is therefore doubtful whether any progress can be achieved in this direction by following the procedure indicated in para 1 of the rules proposed by Colonel Grant. There is of course no difficulty if the inamdar is agreeable to wait till the resurvey operations take place in the taluk to which his village belongs. But if he wants it to be carried out earlier, it does not appear proper to ask him to wait till the resurvey, which, in the case of taluks recently settled, means a long period. I would therefore modify the rule so as to give the inamdar the option of waiting till resurvey or of bearing the excess cost (to be estimated by the Survey Superintendent) likely to be incurred on account of the survey operations having to be carried out at other than the time fixed for resurvey.

3. As regards the form of mutchalika to be executed by the Inamdars when applying for the introduction of survey and settlement to their villages, received with your letter No. R. 8969—L. S. 62-06-1, dated 3rd April 1907, I have the honor to state that para 2 of the conditions prescribed in the mutchalika appears to be superfluous, as there is provision in the Land Revenue Code for the same (*vide* Sec. 16). This para may therefore be conveniently omitted and a fresh para added making the inamdar liable for extra cost in cases of the kind referred to in para 2 above.

4. The enclosures to your letter under reference are returned herewith.

No. R. 3762-72—L. S. 70-06-6, DATED BANGALORE, 12TH DECEMBER 1910.

ORDER THEREON.—The existing procedure regarding the introduction of survey and settlement into inam villages has been explained by Colonel Grant in his letter No. 1842, dated the 10th June 1902, which is printed in the preamble to Government Order No. R. 2123-4, dated the 13th November 1902. By Government Order No. R. 5447-56—L. S. 9-06-4, dated the 28th November 1906, the responsibility of deciding whether the application for the introduction of survey and

settlement should be granted has been transferred to the Revenue Department and the Survey Department is now concerned only with the execution of the operations connected with the introduction of the survey and settlement. The form of mutchalika then prescribed has also to be amplified. Government are therefore pleased to issue the following rules indicating the procedure to be adopted for the introduction of survey and settlement into inam villages :—

I. On receipt of an application from the holder of an alienated or kayamgutta village, the Deputy Commissioner will cause the necessary enquiries to be made ; if no objection exists to the application being sanctioned, he will take an agreement from the inamdar in the form appended to this order and forward the records of enquiry together with his report to the Revenue Commissioner who will submit the same with his opinion for the orders of Government.

II. When Government have authorised the extension, under Section 236 of the Land Revenue Code, of the provisions of Chapters VIII to X of the said Code to any such village, the Superintendent of Survey shall include the work in the Survey programme and intimate to the holder the earliest date on which it will be possible for him to take it up with due regard to economy and urgency. If the taluk in which the inam village is situated is nearly ready for revision the operations will be made to synchronize, as far as possible, with the revision of settlement in the manner most advantageous to Government and to the inamdar. If the revision of the survey of the taluk is not due for a long time more and the survey and settlement of the inam village by itself is likely to entail undue cost and inconvenience on account of its remoteness from the tracts where the survey establishments are at work, the Superintendent of Survey will inform the inamdar of the fact. Should the inamdar be unwilling to have the operations postponed to suit the general programme of survey work, the Superintendent at his discretion may arrange to have the work taken up as soon as it may be convenient on the inamdar paying such cost, as may be fixed by the Superintendent, to meet the expenses of the special establishment that may have to be deputed for introducing survey and settlement into the inam village. Such payment will ordinarily be excused when the revision settlement of the taluk in which the village is situated has taken place within the previous decade.

III. The holder of the alienated or kayamgutta village and the raiyats concerned shall furnish the usual help in the shape of flag-holders, erection of boundary marks, etc. And before the operations are commenced he shall be required to deposit such sum as may be fixed by the Superintendent of Survey to cover the cost of paid labour that may have to be employed for measurement and the erection of boundary marks in case the inamdar or his raiyats fail to render timely help. If such help be rendered, the amount deposited will be refunded to the inamdar on the completion of the work either wholly, or if it had been necessary to engage any labour, such balance of it as may remain after defraying the cost thereof. Any sum thus expended on labour will be refunded to the inamdar after it is recovered from the raiyats concerned through the Revenue authorities under the provisions of the Land Revenue Code.

IV. The inamdar or his agent and the village servants shall be bound to remain in the village during the progress of the measuring and classing operations and render every reasonable help towards the speedy completion of the work. The inamdar will be liable for any extra expenditure that may be caused by his failure to do so or by any other neglect, delay or default on his part and the same will be recoverable as an arrear of land revenue and as a first charge on the village.

V. As soon as the Survey Department is in a position to estimate the probable effect of the settlement, it will intimate the same to the inamdar, who will then have the option of deciding whether the operations should be continued and the survey rates adopted or further proceedings stopped. In the latter case, the inamdar shall be liable for the cost of the measurement, classification and other preliminary operations that may have been carried out till then and in default of payment, the amount will be recovered from him as an arrear of land revenue. Should the inamdar agree to the introduction of the survey rates, the cost of the operations will be borne by Government (unless as provided in Rule II

Land Survey, dated 12th December 1910.

the work has not been carried on in the usual course of the Survey programme) and any amount that may have been deposited by the inamdar will be refunded to him subject to such deductions as it may be liable on account of paid labour or other charges which have been specially incurred.

VI. When the application is for the introduction merely of detailed survey into the village and not of settlement also in addition, the cost thereof shall be paid by the inamdar. In case the inamdar should apply subsequently for the introduction of settlement into the village only such part of the cost that has been recovered from him as may remain after deducting any extraordinary expenditure that may have been caused by the delay in applying for settlement will be refunded to him.

2. A Kanarese translation of the revised form of agreement as shown in the Appendix will be sent to the Superintendent, Government Press, who is requested to print the same and furnish copies to Deputy Commissioners, as they require.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent, Revenue Survey and Settlement
The Revenue Commissioner in Mysore
The Deputy Commissioners of Districts.

APPENDIX.

Agreement made by
Inamdar of the village of
Taluk District

Whereas I have applied to Government that, under Section 236 of the Mysore Land Revenue Code, 1888, the provisions of Chapters VIII to X of that Code may be extended to my aforesaid village of
I do hereby for myself, my heirs, executors and administrators agree in the event of my application being granted to the following conditions.

1. That after my application is sanctioned, I myself or my agent will be present at the village together with the village officers during the progress of the survey and measuring operations and render every reasonable help towards the speedy and satisfactory completion of the work in accordance with the directions of the Superintendent of Survey.

2. That in case the survey work is in any way impeded either by my failure to render the aforesaid help or through my negligence or delay otherwise and any extra expenditure is thereby caused, such cost as may be fixed by the Superintendent of Survey may be recovered from me as a primary charge on my revenues and my holdings.

3. That in order to meet the cost of any paid labour to be entertained in the event of my or my raiyats' failing to render timely help during the course of survey operations or erection of boundary marks, I will deposit in the Taluk Treasury such amount as may be fixed by the Superintendent of Survey and produce the treasury receipt for the same within fifteen days from the service of notice requiring me to deposit the sum. The balance of the deposit, if any, after meeting the above charges should be refunded to me. But if it falls short of the cost that may be incurred by any amount the same may be recovered from me according to law.

4. That after my application is sanctioned, it shall be within the discretion of the Superintendent of Survey to fix the time for the commencement of survey operations in my village and he may, if necessary, require any extra expenditure

that may have to be incurred in carrying them on otherwise than in connection with the ordinary Survey programme, to be paid in advance.

5. That in the event of my not agreeing, on the estimate of the probable effect of the survey and settlement being intimated to me by the Survey Superintendent to the extension of the survey and settlement to my said village, I will pay the cost of measurement, classification and preliminary operations which have been incurred as fixed by the Superintendent of Survey. In case of my failure to pay the costs, the same may be recovered from me as a first charge on my village.

6. That in case of my agreeing to the introduction of the rates fixed by the Survey Department on the conclusion of the survey operations, Government should bear the costs of the survey and settlement excepting, however, the charges referred in the foregoing paragraphs as well on the first occasion of the same being effected after the date of this agreement as also hereafter whenever any revision survey or settlement is introduced into my village by order of Government according to law.

7. That I will pay the salaries and perquisites of the village officers of the said village according to the scale and in the manner prescribed from time to time for the payment of the village officers of unalienated villages.

8. That I will from time to time at my own expense cause to be prepared and furnished with punctuality such periodical or other agricultural and vital statistics concerning the said village as may be required by the Deputy Commissioner and that in the event of my failure at any time to discharge this obligation the Deputy Commissioner may make such arrangements as he deems fit for obtaining such statistics as aforesaid and the costs which he incurs in so doing shall be a first charge on my revenues recoverable in such manner as the Deputy Commissioner may direct.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ THE FOLLOWING PAPERS —

I. Government Order No. R. 8778-9—L. S. 72-06-9, dated the 22nd April 1909.

Abstract.—Recording the correspondence relating to the settlement of the dispute regarding the boundary between the villages of Hoskere and Kandenahalli in the Hiriyur Taluk, Chitaldrug District, and those of Amarapuram, Valasa, Agraharam and Kanajanahalli in the Madakasira Taluk, Anantapur District, as agreed to by the Government of Madras; and calling for a report from the Deputy Commissioner, Chitaldrug District, on the rectification of the boundary in accordance with the above settlement.

II. Memo No. 6501, dated the 2nd October 1909, from the First Assistant to the Hon'ble the Resident in Mysore.

Abstract.—Forwarding a copy of the Proceedings of the Government of Madras, Revenue Department, No. 2504, dated the 10th September 1909, recording the Proceedings of the Board of Revenue reporting on the rectification of the Mysore-Anantapur boundary in accordance with the decision of the Madras and Mysore Governments.

III. Letter No. 5922, dated the 10th December 1909, from the Revenue Commissioner in Mysore.

Abstract.—Submitting the report of the Deputy Commissioner, Chitaldrug District, stating that Mr. Mahomed Raza, Assistant Commissioner, accompanied by the District Surveyor, inspected the boundary on the 12th September 1909, and found that it had not been correctly demarcated according to the settlement in certain places bordering on the Valasa and Amarapuram villages in the Madakasira Taluk and forwarding a memo of discrepancies.

IV. Letter Pol. No. 903, dated the 27th April 1910, from the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, to the First Assistant to the Hon'ble the Resident in Mysore.

With reference to correspondence ending with your Memo No. 6501, dated the 2nd October 1909, forwarding a copy of the Proceedings of the Government of Madras on the rectification of the Mysore-Anantapur boundary between the Amarapuram, Valasa and Kanajanahalli villages of the Madakasira Taluk and the adjacent villages of the Hiriyur Taluk, I am directed to state that the Deputy Commissioner of the Chitaldrug District reports that the rectification which was ordered to be carried out by the Madras Government has not been properly effected in the case of the Amarapuram and Valasa villages. The defects observed are clearly explained in the Deputy Commissioner's memo, a copy * of which is forwarded herewith for reference together with the two sketches referred to therein as sketch No. 2 and sketch No. 4 relating to the said two villages. These defects, though they may appear to be comparatively of little importance may lead to some confusion in future if they are not set right now. I am to request you therefore to move the Hon'ble the Resident to address the Madras Government further in the matter, so that the boundary may be completely rectified. I am also to suggest that, in future, where any rectification has to be carried out as agreed to by the two Governments, the officials of the Madras Government may be asked to place themselves in communication with the Deputy Commissioner of the district concerned, to enable him to depute some officer who can bring to their notice such mistakes and omissions on the spot. The latter will often be a Surveyor of the Revenue Survey Department familiar with the art of identifying and allocating boundary marks.

* Not printed.

V. Letter No. 3362, dated the 3rd June 1910, from the First Assistant to the Hon'ble the Resident in Mysore, to the Dewan of Mysore.

With reference to the correspondence ending with Mr. Balasundaram Iyer's letter No. 903 Pol., dated the 22nd April 1910, regarding the Mysore-Anantapur boundary between certain villages of the Madakasira and of the Hiriyur Taluks, I am directed to state that the Government of Madras have requested the Board of Revenue to issue instructions for the complete rectification of the boundary in question.

2. The Madras Government have further ordered that any rectification of boundaries between British and Mysore territory which may be necessary in future in accordance with an agreement between the Madras and the Mysore Governments should be carried out in communication with the Deputy Commissioner of the Mysore District concerned.

Revenue, (Land Survey), dated 7th December 1910.

VI. Letter No. R. 870—L. S. 72-06-18, dated the 10th August 1910, from the Secretary to Government, General and Revenue Departments, to the Revenue Commissioner in Mysore.

With reference to correspondence ending with your letter No. 5922, dated the 10th December 1909, pointing out certain defects in the demarcation of the boundary between the Madakasira Taluk, Anantapur District, and the Hiriyur Taluk, Chitaldrug District, I am directed to inform you that intimation has been received from the Government of Madras that they have issued instructions for the complete rectification of the boundary in question and they have also agreed, in order to avoid unnecessary correspondence, to cause all such rectifications to be carried out in communication with the Deputy Commissioners concerned. I am to request that necessary steps may be taken to have the boundary rectified in communication with the British authorities concerned, and to depute either the District Surveyor or some one from the Survey Department familiar with identifying and allocating boundary marks on all such occasions, to see that the rectification has been properly carried out and to bring mistakes or omissions, if any, to the notice of the Madras authorities on the spot.

The enclosures to the above letter are herewith returned.

VII. Letter No. 5260, dated the 10th November 1910, from the Revenue Commissioner in Mysore, to the Secretary to Government, General and Revenue Departments.

With reference to correspondence ending with your letter No. R. 870—L. S. 72-06-18, dated the 10th August 1910, regarding the boundary dispute between certain villages of Madakasira and Hiriyur Taluks, I have the honor to forward herewith copy of letter No. 229, dated the 2nd instant, with its enclosure in original from the Deputy Commissioner, Chitaldrug District, reporting that the Amildar of Hiriyur, the District Surveyor of Chitaldrug and the Tahsildar of Madakasira jointly inspected the disputed boundary and got the same correctly demarcated.

(Enclosure to the above).

Letter No. 229, dated the 2nd November 1910, from the Deputy Commissioner, Chitaldrug District, to the Revenue Commissioner in Mysore.

With reference to your memo No. 2317, dated the 17th August 1910, communicating the orders of Government regarding the rectification of the boundary between the Madakasira Taluk of the Anantapur District and the Hiriyur Taluk of the Chitaldrug District, I have the honor to state that I deputed for the purpose the Amildar of the Hiriyur Taluk and my District Surveyor. These officers, in conjunction with the Tahsildar of the Madakasira Taluk, have, on joint inspection, got the boundary duly rectified. Their joint report is submitted herewith, in original, for reference.

Joint Report.

We beg to report that the defects noticed in reconciling the boundary between Valasa and Amarapuram in the Madakasira Taluk, and the adjoining village of Khandenahalli in the Hiriyur Taluk, have been duly rectified by us jointly.

Dated the 18th day of October 1910, at Khandenahalli.

(Sd.) K. Narasimiengar, Acting Amildar, Hiriyur Taluk.

,, T. Bhagavantam, Tahsildar of Madakasira.

,, D. Sarwothama Rao, District Surveyor, Chitaldrug District.

No. R. 3742-3—L. S. 72-06-20, dated Bangalore, 7th December 1910.

Government Order No. R. 1192-4—L. S. 39-01-49, dated the 23rd August 1910, recording the decision arrived at by the Governments of Madras and Mysore in the matter of the boundary dispute between the Vadanakallu and Kalagulami villages in the Pavagada and Kalyandurg Taluks, respectively, and directing the Deputy Commissioner of the Tumkur District to have the boundary in question properly demarcated and the incorrect boundary marks removed in accordance with the settlement and to submit a final report in the matter.

2. Letter No. 211, dated the 5th December 1910, from the Deputy Commissioner, Tumkur District, submitting his report in the matter.

"Referring to Government Order No. R. 1192-4—L. S. 39-01-49, dated the 23rd August 1910, regarding the boundary dispute between Vadanakallu and Kalagulami villages in the Pavagada and Kalyandrug Taluks, respectively, I have the honor to forward herewith copy of report No. 184, dated the 24th November last, received from the Sub-Divisional Officer of Maddagiri and of its enclosure and one sketch furnishing the final report called for in the Government Order under reply.

ENCLOSURE TO THE ABOVE.

Letter No. 184, dated 24th November 1910, from Mr. C. Machia, B.A., Sub-Divisional Officer, Maddagiri, to K. Doraswami Iyer, Esq., Deputy Commissioner, Tumkur District.

With reference to your No. Mis. 416, dated 2nd September 1910, forwarding a copy of Government Order No. 1192-4—L. S. 39-01-49, dated 23rd August 1910, *re* the rectification of the disputed boundary between Vadanakallu of the Pavagada Taluk and Kalagulami of the Kalyandrug Taluk, I have the honor to forward herewith the joint note of inspection made by Mr. T. Srinivasa Rao, Acting Head-Quarters Deputy Collector, and me, and I beg to add that the said note has been prepared according to the sketch of the Madras Government (a copy of which is enclosed), in which the letters B and E are interchanged as compared with sketch No. II in Mysore Government Proceedings No. 1192-4—L. S. 39-01-49, dated 23rd August 1910.

Joint note by Messrs. T. Srinivasa Rao, Acting Head-Quarters Deputy Collector, Anantapur, and C. Machia, Acting Sub-Division Officer, Maddagiri, in regard to the rectification of the boundary between Vadanakallu (Mysore) and Kalagulami (Anantapur) under the orders of the respective Governments.

We inspected the locality to-day. Point E in the sketch printed in the Order of the Madras Government No. 1829, Revenue, dated 2nd June 1910, was fixed last year at the proper place by Messrs. M. A. Narayana Iyengar, Sub-Division Officer, Maddagiri, and N. Ramamurti Naidu, Head-Quarters Deputy Collector, Anantapur. A British Survey mark was also then engraved on a rock at that point, leaving in tact the Mysore marks that had already existed there. The British Forest Cairn at X and that at D which had been partly pulled down have been removed to-day; and the British Survey mark at D has also been erased. Within a distance of about three chains (66 yards) to the south-east of point D, there was another British Forest Cairn on an eminence, without any British Survey mark close by. This has also been removed as it lay to the south of E C, in Mysore Territory.

SASALKUNTE,

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (General Finance), dated 23rd December 1910.

No. Fl. 2387-427—G. F. 232-10-1, dated Bangalore, 23rd December 1910.

Order.—Applications for sanctions to increased expenditure without being accompanied by reappropriation statements as per rules or with the intimation that no reappropriation is possible, having come up before them rather frequently of late, Government direct Heads of Departments and all disbursing officers, now that the year has half run its course, to carefully watch the budget grants under their control.

Applications for additional expenditure, in future, should always be accompanied by reappropriation statements checked and certified to by the Comptroller without which no applications will receive attention. If no reappropriation is possible the additional expenditure should *ipso facto* be put off till the next year. Except in special and extraordinary cases for which specific sanctions have been accorded by Government additional expenditure incurred contrary to this order will render the disbursers responsible.

Government Order No. 2371-78—R. 867, dated the 28th August 1896, requesting the Deputy Commissioners of Districts to submit quarterly demand, collection and balance statements in the form prescribed on account of loans for (1) irrigation wells, (2) saguvali kattes and (3) land improvements.

READ ALSO—

2 The following note dated the 13th September 1910, by the Comptroller on the subject.—

"Government Order No. 2371-8—L. R. 867, dated the 28th August 1896, directs that the demand, collection and balance statements in the prescribed form should be submitted quarterly to Government for three kinds of loans, *viz.*, (1) for irrigation wells, (2) for saguvali kattes and (3) for land improvements, the collection column in the statement bearing the Treasury Officer's certificate It is not clear why this order was not made applicable to the other three kinds of loans, *viz.*, (1) advances for irrigation wells, (2) loans for restoration of tanks and (3) takavi advances.

In Government Order No. R. 3105-41 -L. R 212-06-1, dated the 11th September 1906, certain powers regarding the grant of land improvement loans were delegated to the Revenue Commissioner and presumably the demand, collection and balance statements regarding them have to be submitted to the Revenue Commissioner in the first instance. Whether before the delegation of the above power to the Revenue Commissioner, the demand, collection and balance statements were submitted to Government is not known.

From the Revenue Commissioner's docket No. 2434, dated the 23rd August 1910, it is seen that these demand, collection and balance statements are not being sent to him by Deputy Commissioners regularly in spite of repeated requisitions A similar complaint has been often made by this office in so far as the returns required to be sent to this office (*vide* Proceedings No. Fl. 422-30—G. F. 302-08, dated the 15th July 1909, para 1)

Articles 131 to 133, Civil Account Code (Volume I), prescribe the duties imposed on the Revenue and Account Departments in the matter of the takavi and land improvement loans and advances, and a strict observance of these rules and the instructions contained in the Government Orders already issued seem necessary. This office has been submitting annually to Government a statement of all loans and advances both under the old and new rules, showing districtwar, the opening balance, the loans granted and the recoveries made during the year and the closing balance.

The Government Order No. 2371-8 -L. R 867, dated the 28th August 1896, should be made applicable to all the six kinds of land improvement and takavi loans and advances issued under the old rules and the two kinds under the new rules of November 1908 The fact that detailed accounts of the loans granted under the new rules are maintained in the Comptroller's office should not, as is apprehended by the Revenue Commissioner, absolve the Revenue Department of the duties devolving on them in the matter of prompt recovery of outstandings and supervision of accounts. This office will also, if so desired by the Revenue Commissioner send quarterly or half-yearly statements of the figures passing upon the Comptroller's books in respect of these advances, so that he may exercise the necessary check on the entries in the demand, collection and balance returns *Vide* Article 133 (*b*), Civil Account Code, Volume I. After the demand, collection and balance statements of these loans are scrutinized by the Revenue Commissioner they may, if necessary, be submitted by him to Government for their information'

Loans under the old rules.

1. Advances for irrigation wells, (*i. e.*, payments made during progress of work before being converted into loans).
2. Loans for irrigation wells.
3. Loans for saguvalikattes
4. Loans for improvement of lands, plants, etc.
5. Loans for restoration of tanks.
6. Takavi advances

Loans under the revised rules.

1. Loans for improvement of lands.
2. Takavi loans

No. Fl. 3489-97—G. F. 216-10-2, DATED BANGALORE, 27TH DECEMBER 1910.

ORDER THEREON.—It has been repeatedly brought to the notice of Government that the recoveries of loans granted under the Land Improvement and Takavi Rules are not being regularly effected by the local Revenue Officers, that proper scrutiny is not exercised in the timely preparation and submission of accounts and returns to higher authorities, and that a strict observance of the standing orders is very necessary to safeguard the interests of Government.

In the Government Order of 1896 read above quarterly demand, collection and balance statements on account of the three marginally noted loans are required to be submitted by Deputy Commissioners; but the Revenue Commissioner to whom the control over the grant of land improvement loans has been delegated by Government in their Order No. R. 3105-44—L. R. 212-06-1, dated the 11th September 1906, reports that in spite of several reminders issued from his office the returns prescribed by Government are not being regularly received

1. Loans for irrigation wells.
2. Saguvali kattes.
3. Land improvements.

by him so as to admit of a systematic check or review. The Comptroller also complains that though it has been directed in para 30 of Government Order No. Fl. 1150-1192, dated the 9th February 1903, that the half yearly extracts of the ledgers of the land improvement loans granted under the old rules in force prior to November 1908, in respect of which detailed accounts are not maintained in his office should be submitted to him, they are not submitted till long after the period to which they refer.

Under Government Order No. 10778-87—R. 3868, dated the 6th June 1897 advances granted for irrigation wells should be converted into loans within a maximum period of 12 months from the date of the first advance and repayment thereof should then commence, but that if default is made in the construction of the well the whole amount advanced is recoverable with interest as arrears of land revenue; but it has been found that in a number of instances in the Bangalore, Kolar, Tumkur and Chitaldrug Districts such advances granted in 1896 and 1897 are *still outstanding.*

Government are thus constrained to note with regret the laxity and indifference displayed by the Deputy Commissioners in this matter.

2. In supersession of all previous orders on the subject, Government are pleased to lay down the following rules and procedure in the matter of scrutiny of recovery of revenue advances and loans and the submission of timely returns and accounts to higher authorities. The Revenue Commissioner is requested to see that these rules as well as any subsidiary instructions that may be issued by the Comptroller, are strictly observed in future and also to warn the local officers that any laxity in this respect on their part will be severely noticed by Government and that the officers responsible for such laxity will be held personally liable for any loss resulting to Government.

(i) The following are the several kinds of land improvement and takavi loans under standing orders, *viz.*—

(*a*) Under the old rules:—
1. Advances for irrigation wells
2. Loans for do
3. Loans for saguvali kattes.
4. Loans for improvement of lands.
5. Loans for restoration of tanks.
6. Takavi advances

(*b*) Under the new rules:—
7. Land improvement loans.
8. Takavi loans.

The rules laid down hereunder will apply to all these eight kinds of loans.

(ii) As laid down in Articles 131 to 133 of Civil Account Code which prescribe the duties and responsibilities of the Revenue, the Treasury and Account Departments, the Revenue Department will be responsible for the maintenance of detailed accounts of all loans and advances granted whether under the old or the new rules, for the exercise of proper scrutiny in the matter of the timely collection of the instalments of repayments as they fall due, and for the submission of periodical returns to the Comptroller and the Revenue Commissioner.

(iii) Quarterly statements in the form herein prescribed, * Form A, will be submitted by Deputy Commissioners to the Revenue Commissioner before the end of the month following the quarter in respect of all the six kinds of loans under the old rules as well as the two kinds under the new rules of November 1908 specified above. The fact that detailed accounts of loans granted under the latter rules are maintained in the Comptroller's Office will not absolve the Revenue Department of the duties devolving on it in ensuring prompt recovery of outstandings and timely submission of accounts. With these quarterly returns the Deputy Commissioners will also submit a memorandum setting forth the figures of the treasury plus and minus account and agreeing them with the figures of their statements.

* Attached hereto.

Financial (General Finance), dated 27th December 1910.

(iv) The Comptroller will, after the close of every half year's accounts and within a period of three months from the close of each half year, send to the Revenue Commissioner a return in Form * B showing the figures that pass on his books in respect of these loans and advances under the old as well as the new rules and will also communicate to the Revenue Commissioner any irregularities and omissions noticed in the audit of the individual accounts under the new rules.

*Attached hereto.

(v) The Revenue Commissioner will review the quarterly returns submitted by the Deputy Commissioners as they are received in his office and also check them with the Comptroller's half-yearly returns. In the section relating to loans in his annual administration report to Government, the Revenue Commissioner will also briefly indicate whether the quarterly returns were submitted to him for review regularly by the Deputy Commissioners and refer to the action taken by him in respect of them during the year.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Separate Revenue), dated 1st December 1910.

READ-

Correspondence ending with letter No. 75, dated 2nd July 1910, from the Excise Commissioner in Mysore, about the enhancement of the retail selling price of opium in the State.

NO. FL. 2878-87—S. R. 172-09, DATED BANGALORE, 1ST DECEMBER 1910.

ORDER THEREON.—In the correspondence read above, the desirability of increasing the retail price of opium in the State has been brought to the notice of Government. It is understood that the Government of Madras do not, except in special cases, fix the retail price at which opium should be sold to the consumers, but leave it to the shop-keepers themselves to fix it so as to cover—

(1) the cost price and vend rent,

(2) their other incidental expenses, and

(3) a small margin of profit, this margin varying with reference to the extent of competition among the retail vendors.

Taking the districts of the Madras Presidency adjoining the Mysore State into consideration, the initial cost of opium to the shop-keepers excluding their other expenses and profits comes to Rs. 45 a seer (of 80 tolas) and the retail price charged by the shop-keepers to the consumers is about Rs. 60 a seer while in Mysore the retail price is fixed by Government at Rs. 45. The existence of the above difference of rates on the frontier and the circumstance that the issue price and farm rent paid by the licensees in Mysore leave them no margin of profit at the present fixed retail price of 9 annas per tola are regarded as likely to facilitate the smuggling of opium from Mysore into the Madras Presidency and an enhancement of the retail selling price of opium in Mysore to Rs. 60 a seer is suggested as desirable for several reasons. Government are of opinion that it is unnecessary to fix the retail price as is done at present and that the licensees may be permitted with effect from 1st July 1911 to fix their own prices for selling opium to the consumers. It is hoped that the keen competition at the time of the annual sale of shops will bring about an increase in the retail price of the drug so as to assimilate to each other as far as possible, the rates prevailing in the shops of the State and those in the adjoining districts of the Madras Presidency.

The Excise Commissioner is requested to give effect to this Order and make the necessary changes in the conditions of the notification for the sale of excise shops for 1911-12, and in the opium rules and submit them for approval of Government in due course.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 3454, dated the 12th September 1908, from the Revenue Commissioner, formulating certain alterations in the articles of association of the Agricultural Banks with a view to resuscitate these institutions.

2. The following letters from the Deputy Commissioners of Districts, and Inspector of Agricultural Banks in reply to circular letter No. Fl. 3507-15, dated 12th February 1909, forwarding these proposals to them and inviting their opinions thereon:—

(1) Letter No. 692, dated 28th April 1909, from the Deputy Commissioner, Tumkur District, stating that the changes contemplated by the Revenue Commissioner may be adopted except in the matter of interest, which he considered a little too high.

(2) Letter No. 716-61, dated 11th May 1909, from the Inspector of Agricultural Banks stating that there are only six working banks in the State and that the proposed alterations in the articles of association could not be of much practical utility in helping the revival of these institutions and that he is trying to bring these working Banks under the perview of the Co-operative Societies Regulation.

(3) Letter No. 117-84, dated 24th August 1909, from the Deputy Commissioner, Shimoga District, agreeing in the main with the proposed changes and adding that in order to attract deposits it may be made the first charge on the bank's funds.

(4) Letter No. 288, dated 29th January 1910, from the Deputy Commissioner, Kadur District, stating that he considered the proposed rate of interest high and with this exception agreed in the Revenue Commissioner's proposals, and recommending for the consideration of Government two other proposals which he considered also necessary for reasons given, for the proper working of these institutions, namely, to make the Amildar President of all the banks within the jurisdiction of his taluk and also to provide for the recovery of the outstanding dues as a land revenue demand.

(5) Letter No. 290, dated 21st March 1910, from the Deputy Commissioner of Kolar District, also agreeing with the Revenue Commissioner's proposals excepting in the matter of interest, which he considered desirable to keep somewhat lower than 18 per cent.

(6) Letter No. 388, dated 22nd April 1910, from the Revenue Commissioner submitting on reconsideration a joint proposal from himself and the Inspector of Agricultural Banks for the resuscitation of Agricultural Banks for consideration of Government and soliciting early orders thereon.

No. Fl. 2999-3011—B. 17-08-7, DATED BANGALORE, 6TH DECEMBER 1910.

ORDER THEREON.—In the first of the letters read above, the Revenue Commissioner has proposed certain alterations in the articles of association of Agricultural Banks with a view to give them a chance of resuscitation under altered conditions. There is no need at present to discuss the causes that had led to the present unsatisfactory state of these Banks, nor is it necessary to refer to the variety of opinions expressed by the several officers consulted regarding the changes proposed to be made in some of the articles of association. The Government are anxious that these banks, which were started for the benefit of the rural classes, should be given a fresh life, if possible, and with this object they consider that in the future they should be brought under the Co-operative Regulation, III of 1905, instead of being allowed to continue under the Companies Act. When these Banks were first started in Mysore in 1894, the only legal enactment under which they could be registered was the Companies Act and for want of choice they were brought under that Act at the time. At present, however, a special enactment for the benefit of such institutions has been framed and is in force and it is desirable that the banks should avail themselves of the provisions of this Regulation. At the same time this Regulation gives better control for the supervising officers over the institutions registered under it and Government accordingly direct that such of the Agricultural Banks as are willing to register themselves under the Co-operative Societies Regulation, III of 1905, may be registered under that Regulation. In such cases Government are also willing to continue the advance made by

Financial (Banking), dated 6th December 1910.

Government for such further period as after investigating the local circumstances and consulting the local officers, the Registrar of Co-operative Societies may consider necessary. In the case of such of those as are not willing to continue as members of an Agricultural Bank when the majority decide to register the Bank under the Co-operative Societies Regulation, steps will at once be taken to collect their dues by means of coercive measures and no further time will be granted to them for repayment.

No bank should be registered under the Co-operative Regulation without a special order from Government in each case and Government also direct that the rules newly framed, for the guidance of a resuscitated Bank should, before being brought into force, be approved by Government as a condition for continuing the Government loan which may have been advanced. The existing rules and the modifications proposed should be taken as models and a new rule should be on their lines as far as possible, consistently with the nature of the institutions such as the Agricultural Banks were intended to be. After some experience is gained in the practical working of the new rules approved by Government from time to time in the case of individual institutions, the question of issuing a consolidated set of rules for all the banks may be considered and in the meanwhile Government reserve orders on the subject.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Correspondence ending with letter No. 676, dated 26th August 1910, from the Secretary to the Mysore State Life Insurance Committee, submitting the Report of the Actuary on the Mysore State Life Insurance Fund as it stood on the 30th June 1907, together with the resolution of the Insurance Committee thereon :—

Report of the Actuary on the Financial position of the Mysore State Life Insurance Fund as at 30th June 1907.

As requested by the Insurance Committee in their letter of 17th May last, I have made a valuation of the Insurance Fund of the Government of Mysore as at 30th June 1907 and have now the honor to submit my report.

The Fund has increased steadily in size and usefulness as will be seen from the following statement:—

Date	Bonus in force	Funds	Claims	
			By death	By maturity
30th June 1898	22,19,890	3,22,541	2,981	.....
Do 1899	26,19,291	4,29,542	20,978	.....
Do 1900	28,84,129	5,43,677	16,835	.....
Do 1901	32,03,871	6,72,329	34,403	.....
Do 1902	33,62,823	779,232	59,472	12,206
Do 1903	36,80,589	9,11,102	43,615	1,170
Do 1904	40,06,104	10,27,270	63,400	14,987
Do 1905	43,67,127	11,41,197	58,582	21,304
Do 1906	47,26,837	12,83,729	37,501	24,409
Do 1907	51,07,192	14,60,619	44,096	28,629

During the last ten years the Bonuses remaining in force have more than doubled while during the same interval the Funds have increased more than fourfold. They will continue to increase each year for many years to come. The claims will likewise increase, and in other twenty years or so it will be found that the claims on account of matured policies each year will be about three lakhs or ten times what they are now. Fortunately the Fund has been started on very sound lines and appears to have been carefully and economically managed, with the result that after the first fifteen years of its existence I have the great pleasure to report that it is in a sound financial position.

Rate of interest.—The Government of Mysore has hitherto paid interest at the rate of 3½ per cent on the Funds and I assume that this rate has been guaranteed for the future.

Rate of mortality.—I have carefully investigated the rate of mortality experienced by the Fund from the commencement and find that it has not exceeded the rate I assumed would be experienced by the Fund when I had the honor to value it five years ago. The experience, although larger than five years ago, is not yet of itself sufficiently mature to be the exact basis of calculations for the future, but is sufficient to confirm the reliability of the rate of mortality assumed on the previous occasion. Dealing with first assurances effected prior to June 1907 I find that 5,499 lives were accepted at the ordinary rate of bonus. Taking the observations for an extra year, namely, up to June 1908, I find that these lives were exposed to risk of death during 40,148 years in the aggregate, thus giving an average duration of over 7¼ years for each policy-holder. This, for such a young Fund, is a very good average, due greatly to there being so few withdrawls from the Fund. 526 died. This is 80 per cent more than according to the rate of mortality applicable to healthy assured lives in Britain. The difference was most marked at the younger ages. For instance it was found, after graduation, that the lives between 20 and 30 experienced the same rate as lives aged between 41 and 44 in England.

30 and 40 experienced the same rate as lives aged between 45 and 50 in England.
40 and 50 do do 51 and 58 do

The difference is shown also in the following two columns where I have placed the rate of mortality at each fifth age applicable to healthy male lives assured in Britain side by side with the rate experienced by the Mysore Insurance Fund:—

Out of one thousand lives exposed to risk of death at each age the following number will die in a year:—

At age	In Britain	In Mysore
25	48	102
30	59	113
35	74	130
40	92	156
45	115	197
50	150	261

The experience under subsequent assurance policies was very similar. It is noticed that plague is the principal cause of death and that in some of the years it has claimed as many victims as all the other causes put together.

For instance in—

1900-01	The plague deaths were	16 out of a total of 36, *i.e.*,	44 per cent.
1901-02		20	50—40 do
1902-03		27	51—53 do
1903-04		34	63—54 do
1904-05		43	76—56½ do
1905-06		10	46—22 do
1906-07		14	59—24 do
1907-08		40	77—52 do

In view of these figures for recent years we must assume a rate of mortality for the future that makes a suitable allowance for this disease. This I have endeavoured to do and, combined with interest at 3 per cent bring out the following as the result of my valuation as at 30th June 1907 of all the policies existing at that rate.

	Rs.
Funds at 30th June 1907 as per Secretary's statement	1,460,619
Deduct all claims intimated but not paid at that date	98,175
Net realised Funds	13,62,444
Add—	
Calculated present value of future premiums after allowing a suitable margin for expenses	21,96,762
Total Assets ...	35,59,206
Deduct—	
Calculated present value of the total bonus assured	34,21,402
Surplus as assets over liabilities	1,37,804

This is most satisfactory.

It is very gratifying to me to find that my father's recommendation made in 1898, and mine in 1904, that the surpluses then ascertained should not be distributed, but the question now arises as to whether or not it would be imprudent to part with a portion of the present surplus. The Fund is still young and the mortality from plague is heavy, but in view of the provision, I have made for excess mortality in the future, and knowing the careful and economical methods adopted in working the Fund, I think that it would not be imprudent to distribute a portion of the above surplus by way of a reversionary addition to the bonus assured under existing policies, but the Insurance Committee must bear in mind that, if once a reversionary addition has been made, the members will look for a continuance of it at future valuations. This consideration as well as the desire to keep on the safe side of the border line between financial soundness and financial unsoundness prevents distribution of more than Rs. 78,035. This is sufficient to provide a reversionary increment to all bonuses assured at 30th June 1907, at the rate of ½ per cent thereof for each year's premium paid between 1st July 1902 and 30th June 1907. I make this recommendation on the distinct

Financial (Banking), dated 7th December 1910.

understanding that (1) the present bonus rates will not be reduced, (2) the expenses of management will not be increased beyond the rate allowed under the standing orders of Government, *viz.*, 3 per cent of the average monthly premium income and (3) that the rate of interest will not be reduced below the 3½ per cent allowed now.

Any alteration making these three items less favorable to the Fund might seriously interfere with the source of future profits.

Copy of Proceedings of the special meeting of the Mysore State Life Insurance Committee held on Saturday the 26th March 1910.

READ—

Report on the valuation of the Mysore State Life Insurance Fund for the quinquennium commencing 1st July 1902, and ending 30th June 1907, made by Mr. H. G. W. Meikle, Actuary, Oriental Government Security Life Insurance Company, Bombay.

Resolved that (1) a copy of the said report be submitted to Government for information with the recommendation that as all the three conditions mentioned by the Actuary are satisfied, orders may be passed to make a reversionary addition to all bonuses assured by policies in force on 30th June 1907, and current on the date, on which Government pass orders, at the rate of ½ per cent of such bonuses for each complete year's premium paid between 1st July 1902 and 30th June 1907.

(2) The question of granting fees to Medical officers without exceeding the limit prescribed for expenditure, namely 3 per cent of the receipts of the Fund, be now considered by inviting the opinion of the members, the fee being payable only for detailed examination for proposals for further insurance.

(3) That a copy of this resolution be communicated to H. G. W. Meikle with the thanks of the Committee for his careful report.

Copy of letter No. 2308, dated the 17th August 1910, from the Revenue Commissioner in Mysore, to the Secretary, Mysore State Life Insurance Committee.

With reference to your letter No. 569, dated 13th August 1910, calling for my opinion on the Actuary's report on the condition of the Insurance Fund and his recommendation for payment of a small bonus, I am glad to state that I endorse his conclusions and proposals. The Fund has steadily grown and now holds a strong position as the surplus assets or rather its present value, is about one lakh and thirty-seven thousand rupees or about 4 per cent, it may be safely asserted that while the data for the Fund have been fixed on very sound lines, the management has been very economical and the rates have not been unduly hard to the assured. It may also be noted that, but for the increased mortality from plague, the Fund might have been more prosperous. The Actuary says he has made sufficient allowances for excess mortality in the future due to plague and other Indian conditions and we may, I think, safely sanction his recommendation for granting an additional bonus or reversionary increment as he calls it, to all bonuses assured at 30th June 1907, for each year's premium paid between 1st July 1902 and 30th June 1907. I am not quite clear whether this increment is allowable only to the subsisting policies on 30th June 1907, but also to such as fell due between 1st July 1902 and 30th June 1907, but I am inclined to think that the former would seem to be the correct interpretation.

In conclusion, I beg to observe that it would have been more satisfactory for us if the Actuary had compared our death rates with the generally accepted mortality date for India and on Indian lives instead of taking the English statistics for the standard, and if possible he may be requested to make some observations for our edification from that standpoint also in future valuations.

Copy of letter No. 1578, dated 15th August 1910, from the Excise Commissioner in Mysore, to the Assistant Secretary, Insurance Committee.

In reply to your letter No. 570, dated the 13th instant, I have the honor to state that I concur with the remarks made by the Committee and have nothing further to add.

Copy of letter No. 6, dated 15th August 1910, from the Inspector-General of Police in Mysore, to the Secretary, Insurance Committee.

With reference to your No. 572-92, dated the 13th instant, I have the honor to state that I am agreeable to the recommendation made to Government on the Actuary report of Mr. H. G. W. Meikle, on the valuation of the State Insurance Funds.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Copy of letter No. 1863, dated 24th August 1910, from the Conservator of Forests in Mysore, to the Secretary, Insurance Committee, Bangalore.

Adverting to your letter No. 571, dated the 13th current, I have the honor to state that as the Insurance Fund is still very young, it does not seem advisable to devote the expected surplus towards increasing the bonus as suggested by the Actuary. It seems to me that it would be prudent to await the next quinquennium report before deciding upon this matter. For the same reason, I would suggest that the consideration of the proposal to grant fees for detailed examination for further insurance, be also deferred till then.

No. Fl. 3042—B. 42-09, dated Bangalore, 7th December 1910.

Order thereon.—From the report of the Actuary, Mr. H. G. W. Meikle on the financial position of the Mysore State Life Insurance Fund, it is seen that on the 30th June 1907 the surplus and assets over liabilities amounted to Rs. 1,37,804 and out of this surplus t he Actuary recommends a sum of Rs. 78,035, being distributed among the policy holders in the shape of a reversionary increment to all bonus assured on the 30th June 1907 at the rate of ½ per cent thereof for each year's premium paid between the 1st July 1902 and 30th June 1907. This recommendation is made on the distinct understanding (1) that the present bonus rates will not be reduced, (2) that the expenses of management will not be increased beyond the rate allowed under standing orders of Government, *viz.*, 3 per cent of the average monthly premium income and (3) that the rate of interest on the balances at the credit of the Fund will not be reduced below the 3½ per cent allowed now.

The Insurance Committee in sending up the report to Government recommends that, as all the three conditions mentioned by the Actuary are satisfied, the proposal to make a reversionary addition to the bonuses may be sanctioned and adds that the question of granting fees to Medical officers without exceeding the limit prescribed for expenditure, *viz.*, 3 per cent of the receipts of the Fund may also be considered.

Government are of opinion that it is inexpedient to sanction at present any reversionary increment without further experience of the stability or otherwise of the Mysore State Life Insurance Fund. They consider that the more urgent question is the grant of fees to Medical officers for examining the candidates for insurance. The Committee is accordingly advised to take up the subject and submit its recommendation to Government at a very early date.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Banking), dated 14th December 1910.

READ—

Government Order No. Fl. 6825—B. 45-08-2, dated the 20th April 1909, stating that it is inexpedient to sanction the alteration of Rule 7, proviso (*b*) of the Co-operative Societies Rules as proposed by the Registrar.

2. Letter No. 744—C. S. 152, dated the 10th January 1910, from the Registrar of Co-operative Societies in Mysore, urging the necessity of amending the rule referred to above.

Adverting to Government Order No. Fl. 6825—B. 45-08-2, dated 20th April 1909, declining to sanction the alteration of Rule 7, proviso (*b*) of the Co-operative Societies Rules, I have the honor to bring again to the notice of Government that the rule regarding the quorum therein prescribed for the making or altering or abrogating of the bye-laws of a Co-operative Society at a general meeting has practically hindered the development of societies in places like Bangalore and Mysore and even in smaller places. The latest instance is that of the Bangalore City Co-operative Bank which has twice failed to get together the required quorum for reducing the rate of interest which is fixed in the existing bye-laws and which is regarded as very high. In my opinion it would have been better to have followed the example of the Madras Government who did not issue any rules till sufficient experience was gained. As a matter of fact, the bye-laws of most of the societies in the State are more or less *verbatim* reproductions of the model bye-laws published by the Registrar some years ago for the information of the general public and the subsequent experience gained by me from the working of the societies both in Mysore as well as in British India has pointed to the need of making several alterations in the bye-laws of the existing societies. It is not lack of interest on the part of the general body of members of a society that is in the way of the required quorum being present, but it is on account of the novel features of the movement, which are not as yet readily comprehended by them that makes the average member disposed to leave matters in the hands of those whom he regards as experts. Further the close supervision through the Registrar, that Government have provided, has created an assurance in his mind of the stability of those institutions, but in the face of a rigid quorum even the Registrar is powerless to change any of the bye-laws although they are practically of his own creation in the first instance, and the unsuitability of some of which he may himself feel convinced from subsequent experience. As the Co-operative institutions develop and as their transactions enter into the concerns of every day life, they become better understood, as they are practically becoming at present, and it will then be time, I think, to prescribe rigid rules. At present, the rule as it stands ties the hands of the Registrar too much and has proved a hindrance to the growth of these societies and I once more strongly urge that the Government may be pleased to reconsider their order of 20th April 1909, and to abrogate the rule *entirely* for the present. The Co-operative Regulation requires to be revised and the rules also should be re-issued, and I am waiting for the Government of India Act being revised before submitting my proposals. I shall then take the opportunity of submitting a revised set of rules also more suited to the needs of the societies than those now in force. In the meanwhile I beg that the rule about the quorum referred to above may be abrogated entirely as suggested by me.

As at present existing.—
Rule 7—"Bye-laws may be made, altered or abrogated thereafter in accordance with a resolution at a general meeting of the Society; provided that—
(*b*) the resolution is passed by not less than two-thirds of the members present at the general meeting and by not less than one-third of the total number of the members.

As proposed in my letter No. 554—C. S. 64, dated 11th March 1909.
The words "and by not less than one-third of the total number of members" be omitted in Rule 7, proviso (*b*).

No. Fl. 3226—B. 34-09-2, DATED BANGALORE, 14TH DECEMBER 1910.

ORDER THEREON.—In view of the further representations made by the Registrar, Government sanction the amendment of Rule 7, proviso (*b*) of the Co-operative Societies Rules by omitting the words "and by not less than one-third of the total number of the members" occurring at the end of the proviso.

2. With the amendment now sanctioned, Rule 7 of the Co-operative Societies Rules stands as follows:—

"7. Bye-laws may be made, altered or abrogated thereafter in accordance with a resolution passed at a general meeting of the society.

Provided that—

(*a*) due notice of any proposal to make, alter, or abrogate is given in accordance with the bye-laws;

(*b*) the resolution is passed by not less than two-thirds of the members present at the general meeting; and

(*c*) the making, alteration or abrogation is approved by the Registrar."

A notification to this effect will also be published in the Gazette.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No 320—C. S. 217, dated 29th September—6th October 1910, submitting report on the working of the Co-operative Societies Regulation, III of 1905, for the official year ended 30th June 1910.

No. FL. 3214—B. 21-16-2, DATED BANGALORE, 13TH DECEMBER 1910.

ORDER THEREON.—The number of societies during the year increased from 45 to 70, while the working capital rose from Rs. 1,35,499 to Rs. 2,16,261, or nearly 60 per cent. The reserve fund of the societies at the end of the year was more than twice what it was at the end of the previous year, being Rs. 5,831 against Rs. 2,340. The total disbursements also rose from Rs. 4,81,768 to Rs. 6,68,261. The progress of these societies was, on the whole, satisfactory.

2. Of the 70 societies, 18 are urban, 51 are rural and one is a central society. Eighteen societies have no share capital of their own but transact business with borrowed capital. Eight societies have been started on the basis of unlimited liability.

3. The following amounts were advanced as loans to several societies from the sources mentioned against them and the amounts outstanding at the end of the year were as shown in the last column :-

	Advanced Rs.	Outstanding Rs. a. p.
His Highness the Maharaja's Fund	650	650 0 0
Central Bank	6,500	6,500 0 0
Government	650	516 10 8

A sum of Rs. 133-5-4 out of Rs. 200 advanced to the Molakalmuru Krishikara Sahaya Sangha from Government funds in the hands of the Registrar has been repaid, while in the case of the other loans, the dates of repayment of instalments have not yet arrived.

4. The rate of interest charged by the Central Society on loans to other societies is 7½ per cent and is certainly fair. The rate of interest levied by the societies on loans to members ranges from 9 to 12 per cent. Compared with the usual rate charged by moneylenders, this cannot be considered excessive, and any attempt to reduce it, however beneficial, cannot be viewed with favour, as the object of the co-operative societies is to render help on reasonable business terms and not dole out charity.

5. The loans advanced to members amounted to Rs. 3,53,781 against Rs. 2,28,027 in the previous year, and so far as information is available, the loans were mostly for legitimate and reproductive purposes, and not for non-productive or wasteful expenditure. In the disposal of loan applications, the character of the borrower is gradually entering as a factor that is taken into consideration.

6. Conspicuous among individual societies formed during the year is a Co-operative Building Society in the Bangalore City. Its object is to afford relief and help to persons who have already or may hereafter become involved in debt by house-building. The demand for sanitary houses is so great that the transactions of this society are encouraging and promise further development. Of the older societies of which special mention has been made, Government are glad to observe that the Bangalore City Co-operative Society and the Bangalore City Co-operative Bank have continued to do good business. In the former improvements have been introduced, as for instance, in the issue of cheque books with which to operate on deposit accounts, while thrift has been encouraged by the institution of a Provident Fund from which a member, by paying into it 1 rupee a month for seven years, can get Rs. 100 at the end of that period.

7. As observed by the Registrar, the Co-operative movement is purely economic, with place in it for both the wealthy sowcar and the poor raiyat. Government notice, with pleasure, the help rendered to the cause of co-operation by the several gentlemen, official and non-official, named in the report. The recent

Financial (Banking), dated 13th December 1910.

strengthening of the Registrar's establishment by the addition of an officer with the status of a Deputy Amildar and an Inspector will, doubtless, materially facilitate the work of inspection and consolidation.

8. The report under review is very interesting, and Government desire their thanks to be conveyed to the Registrar for his enthusiastic interest in the work assigned to him.

Correspondence ending with letter No. G. 322, dated the 21st January 1910, from the Senior Surgeon, on the subject of cashing the Pay and Abstract Contingent Bills of the Local Fund Dispensaries situated in places other than taluk headquarters.

No. FL. 3362-71—S. & A. 68-09-4, DATED BANGALORE, 22ND DECEMBER 1910.

ORDER THEREON.—The present practice for the encashment of Pay and Abstract Contingent Bills of the Local Fund Dispensaries situated in places other than taluk headquarters, is to send these bills through one of the dispensary employees to the Taluk Treasuries and get the money therefrom. But this method is inconvenient as the travelling allowance admissible to the employees under the ordinary rules would be inadequate in most cases and to grant special travelling allowance would be unduly expensive. The Senior Surgeon suggests that either the servants of the dispensaries may be allowed suitable travelling allowance for going and cashing bills whenever necessary or that the Taluk Treasuries may be entrusted with the work of cashing them and sending the money to the dispensaries by means of postal money orders. Government are of opinion that both of these courses are not free from objection. They are of opinion that the best course would be to send these bills in future to the Civil Surgeon of the District in which the dispensary is situated for encashment and remittance by means of postal money orders.

The Government are accordingly pleased to direct that the Pay Bills of Local Fund Dispensaries situated in places other than taluk headquarters shall be invariably despatched on the last day of every month to the Civil Surgeon of the District and the Civil Surgeon or the Senior Hospital Assistant in charge, in his absence, will cash these bills at the District Treasury and remit the amounts as promptly as possible debiting the commission paid for the money order in his office contingent bill as an office expenditure. The Abstract Contingent Bills of these dispensaries may likewise be sent for encashment at the District Treasury and remittance by money order as in the case of Pay Bills.

In the case of dispensary at Arehalli in the Belur Taluk, which is about 10 miles from the nearest Post Office, the above method will cause delay and inconvenience. In this case, therefore, a dispensary servant will be allowed to cash the bills in the Taluk Treasury 14 miles distant, charging the actual conveyance hire not exceeding an anna a mile for the journey.

READ—

(1) Letter No. Political 219, dated 3rd September 1910, from the Secretary to Government, General and Revenue Departments, to the First Assistant to the Hon'ble the Resident in Mysore.

I am directed to refer to your endorsement No. 3251, dated the 30th May 1910, forwarding for necessary action letter No. 471, dated the 24th idem, from the District Magistrate of Anantapur with a requisition to the officer in charge of the Central Jail, Bangalore, for the surrender of a prisoner named Munisami (No. 3508) confined in that jail to the Taluk Magistrate of Hindupur, before whom the prisoner has been charged with the offence of house-breaking by night and theft under Sections 457 and 380, Indian Penal Code. In this connection, I am to state that as the prisoner referred to is undergoing imprisonment in this State for offences punishable under Sections 457 and 75, Indian Penal Code, the Superintendent of the Jail considering that they are non-extradition offences not being included in the schedule to the Extradition Act, wrote to the District Magistrate of Anantapur that the prisoner could not be legally surrendered to the British Authorities under the orders contained in Government Notification No. J. 219—Legis. 14-04-14, dated the 20th July 1907, that the prisoner would be released in the second week of August 1911 and that in case his immediate surrender was required, a further reference might be made through the Hon'ble the Resident in Mysore.

2. In this connection, the Durbar observed that though Section 457 of the Indian Penal Code has not been expressly referred to under the head "Extradition Offences" in the first schedule to the Indian Extradition Act, XV of 1903, Sections 443 and 446 of the Code, which define the offences of "Lurking house-trespass" and "House-breaking by night" have been specified as extradition offences and that they must be held to include the aggravated forms of both the above offences for which special punishments are provided in Sections 453, 454, 455, 456, 457, 458, 459 and 460, Indian Penal Code. If the above view is correct and if the Hon'ble the Resident sees no objection to comply with the Durbar's requisition for the resurrender of the convict after his trial in British India is over, I am to say that the Durbar will be prepared to issue the necessary orders for his surrender to the Taluk Magistrate of Hindupur for trial. Otherwise in accordance with Rule 6 of the Durbar's Order No. J. 2013-23—Legis. 141-04-15, dated 6th January 1908, the surrender of the prisoner will be made on the expiry of his term of imprisonment.

3. I am to request, therefore, that the views of the Hon'ble the Resident in the matter may be kindly communicated to the Durbar at an early date.

(2) Letter No. 5407, dated the 9th September 1910, from the First Assistant to the Hon'ble the Resident in Mysore, to the Dewan of Mysore, with reference to Mr. Balasundaram Iyer's letter No. 219—Pol., dated the 3rd September 1910, regarding the production of Munisami, a prisoner in the Bangalore Central Jail, before the Taluk Magistrate of Hindupur to answer a charge of house-breaking by night and theft in a building punishable under Sections 457 and 380, Indian Penal Code, I am directed to say that the Resident agrees with the view of the Durbar that offences under Sections 453 to 460, Indian Penal Code, must be regarded as "Extradition Offences" falling within the scope of the first schedule to the Indian Extradition Act, 1903 (XV of 1903).

2. I am, therefore, to request that the Durbar will be so good as to issue the necessary orders for the surrender of the prisoner to the Taluk Magistrate of Hindupur for trial.

No. J. 1696-704—CTS. 257-09-13, DATED BANGALORE, 5TH DECEMBER 1910.

ORDER THEREON.—Copies of the foregoing papers are forwarded to the Inspector-General of Police and District Magistrates for information.

(1) Subject No. 27 of the Proceedings of the Representative Assembly of 1907, regarding the stamp fee leviable (under the Court Fees Regulation) on khetwar extracts to be produced in Civil Courts in Execution Proceedings, and the reply of Government thereto.

Summary of discussion.—On a representation last year concerning the delay on the part of shanbhogs in supplying extracts of Revenue accounts for production before Civil Courts for attachment of properties, etc., orders were passed for the supply of extracts from taluk copies of the khetwar. For a copy of khetwar particulars, a fee of eight annas has to be paid for each survey number in a khate. In lieu thereof, particulars of all survey numbers in a khate may be supplied on payment of eight annas.

Reply of Government.—Noted for consideration.

(2) Letter No. 7160, dated the 17th January 1910, from the Revenue Commissioner in Mysore, submitting letters from the Deputy Commissioners of Districts on the same subject, with his own opinion in the matter.

No. J. 1783-94—CTS. 197-09-3, DATED BANGALORE, THE 13TH DECEMBER 1910.

ORDER THEREON.—Government agree with the Revenue Commissioner and are of opinion that it is unfair to demand separate stamp fees in regard to each survey number comprised in a khate. They accordingly lay down the following rules:—

(i) In the case of an application for the grant of an extract from the khate, a single stamp fee only should be levied on each such extract relating to the khate of a single person irrespective of the number of survey numbers comprised in it;

(ii) Similarly an extract of entries in the khetwar of one or more survey numbers, whether belonging to one or more occupants, is liable to the payment of a single stamp fee; provided that, if, in the latter case, the survey numbers are not given in the application, a separate searching fee shall be levied in accordance with the Revenue Rules.

(1) Letter No. 25, dated the 30th September 1910, from the Chairman of the Board of Trustees for the Improvement of the City of Mysore, submitting the Administration Report of the Board for the year 1909-10.

(2) Letter No. 3657—Ac. 460, dated 12—16th December 1910, from the Comptroller submitting the final accounts of the Board for the year 1909-10.

No. 5392-432—Ml. 128-10-5, dated Bangalore, 20th December 1910.

Order thereon.—Recorded.

2. The receipts of the Board during the year, according to the accounts of the Comptroller, amounted to Rs. 3,26,280 under service heads and Rs. 33,148 under suspense heads. Including the opening balance, the amount available for expenditure during the year was Rs. 3,79,644, of which Rs. 26,503 were spent under suspense heads, and Rs. 3,51,227 under service heads, leaving a closing balance of Rs. 1,914 at the end of the year. The prescribed limit of three lakhs of rupees was exceeded during the year for the speedy acquisition and clearance of houses in the Fort.

3. Twenty-six properties in No. II Drainage Area were during the year notified for acquisition, and including those already notified, the total number was 5,872. Out of this number, 235 properties were acquired during the year, and 4,566 had been acquired previously. Thus, there remained to be acquired 1,071 properties at the end of the year against 1,262 at the end of the previous year. In addition to those notified for acquisition, 972 properties were also acquired, of which 47 were during the year 1909-10.

4. Out of 361 properties notified for acquisition and one other required in addition in the Fort, 171 were acquired during the year at a cost of Rs. 1,92,777 and 84 had been acquired previously. 164 of these were demolished during the year and the road skirting the rampart wall of the Fort was widened to 60 feet. There remained 107 properties to be acquired in the Fort at the end of the year.

5. The construction works during the year were confined mostly to the completion of sanctioned projects and the only new work undertaken during the year was the formation of a cross road from Dodkere Tank bund to the Diddibagal at the eastern entrance to the Fort. It is noted that the Chief Engineer's suggestions relating to (1) the carrying of sullage water from houses and latrines in underground pipes, (2) the providing of under-ground pipe sewers for the parts of the City that remain to be drained and (3) the replacing as far as possible of the existing open drains by under-ground sewers, engaged the attention of the Board and that projects are being prepared in accordance therewith.

6. The submission of the final report in regard to the misappropriation of collections by the collection mutsaddi is awaited. The Chairman is requested to report forthwith whether the present collection mutsaddis and other officials of the Board dealing with money have furnished securities, and, if so, for what amounts and of what kind.

7. In the statement (No. IV) of loans, the interest due and recovered or remitted, is not separately shown. The Chairman is requested to have this shown separately in future. From the accounts of the past six years it is seen that, though a sum of Rs. 47,280 was allotted in the budgets for payment of loans to build houses, Rs. 15,918 only were drawn, leaving about 66 per cent of the amount to lapse. In the budget of the current year a provision of Rs. 14,500 has been made for payment of loans and Government trust that the Board will use its influence in utilizing this grant towards construction of new houses to replace those dismantled in furtherance of the Improvement scheme.

Year	Amount allotted in the budget	Amount of loan drawn
	Rs.	Rs.
1904-05 ...	10,000	5,180
1905-06 ...	10,000	4,201
1906-07 ..	10,000	947
1907-08 ...	5,000	1,370
1908-09 ...	7,280	1,065
1909-10 ..	5,000	3,155
Total ..	47,280	15,918

8. Government desire to express their thanks to the Trustees for their labours during the year.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Reports) dated 2nd December 1910.

READ—

Para 8 of the Rules regarding the constitution and conduct of business of the Representative Assembly published with Notification No. G. 1803—G. R. 4-07-4, dated 6th September 1907, declaring among other things, that "no person who has been convicted of any such offence or subjected by a Criminal Court to any such order as implies, in the opinion of Government, a defect of character which unfits him to be a member of the Representative Assembly," shall be eligible to be returned as a member of the Assembly.

No. G. 3388-95—G. R. 10-10-2, DATED BANGALORE, 2ND DECEMBER 1910.

ORDER THEREON.—Government observe that the rule read above, while specifying the disqualifications rendering persons ineligible for being returned as members of the Assembly, does not explicitly indicate the effect of a disability incurred by a member subsequent to his election. With a view, therefore, to remedy the defect, Government deem it necessary to direct that the following addition be made to para 8 of the rules referred to above:—

"If any member during the term for which he has been elected or deputed becomes disqualified under any of the conditions set forth above, he shall be disabled from continuing to be a member and his seat shall become vacant."

The annexed notification will accordingly be published in the *Mysore Gazette*.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts, for information.

No. G. 3396—G. R. 10-10-2.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.
Dated Bangalore, 2nd December 1910.

NOTIFICATION.

The following additional rule will be inserted under para 8 of the Rules regarding the constitution and conduct of business of the Mysore Representative Assembly promulgated with Notification No. 21572—G. F. 99-93, dated the 10th June 1894, as modified and published under Notification No. G. 1803—G. R. 4-07-4, dated the 6th September 1907 and will be numbered '8 A':—

"8 A. If any member during the term for which he has been elected or deputed becomes disqualified under any of the conditions set forth above, he shall be disabled from continuing to be a member and his seat shall become vacant."

By Order,
C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

READ—

Government Order No. G. 628—G. M. 7-07-405, dated 28th July 1908, sanctioning the continuance of the arrangement of taking 100 copies of the Urdu newspaper "Kasim-Ul-Akhbar" on an annual grant of Rs. 600 for a period of two years.

2. Application No. 1025, dated 1st July 1910, from the proprietor of the paper, praying for an increase of the annual grant.

No. G. 3768-816—G. M. 4-10-75, DATED BANGALORE, 27TH DECEMBER 1910.

ORDER THEREON.—Government sanction the continuance of the present arrangement of taking 100 copies of "Kasim-Ul-Akhbar" on the terms laid down in Government Order No. 5908-46—Cir. 108, dated 15th August 1891, for another period of three years from 1st July 1910.

2. Subscription will be paid half-yearly and the copies will hereafter be distributed by the proprietor as follows:—

One copy each to the 26 Revenue Sub-Divisions for circulation to the talukas and being filed in Sub-Division Offices	26
District Offices	8
Chief Commandant for Sowar and Barr Forces	24
Inspector-General of Police for Police Force	20
Hindustani Schools	20
Chief Court	1
General and Revenue Secretariat	1
Total ...	100

3. Government do not see their way to increase the grant.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Annual Report of the Mysore Military Forces for the year 1909-10, submitted by the Chief Commandant, Mysore State Troops, with his letter No. 970 of the 10th September 1910.

NO. MILY. 723—27-10-5, DATED BANGALORE, 10TH DECEMBER 1910.

ORDER THEREON.—The Force consisted as heretofore of two Regiments of Cavalry with a Mule Transport attached to the Imperial Service Regiment, three Regiments of Infantry and a Transport Corps.

2. The strength of the Force inclusive of all ranks and camp and other followers stood at the end of the year as follows:—

Cavalry inclusive of the Mule Transport	1,022
Infantry	1,863
Transport Corps	566
Total ...	3,451

This was 76 below the authorised strength, the fall being due to the vacancies in the following ranks which occurred during the year not having been filled up:—

	Commissioned officers	Non-Commissioned officers	Rank and file	Followers	Total
Cavalry including Mule Transport ...	1	0	3	8	12
Infantry ...	3	6	20	16	45
Transport Corps ...	2	1	14	2	19
Total number of vacancies ...					76

3. Of the 3,451 officers and men at the close of the year about 49 per cent of the number are Mahomedans, 18 per cent Mahrattas, 8 per cent Christians and 25 per cent Brahmins and other Hindus, the Mahomedans predominating in all the branches of the service.

4. The average age and height of the above officers and men at the close of the year were as under:—

	Age.	Height.
Mahomedans	31·53	5·6
Hindus	33·35	5·5
Christians	34·85	5·5
Other castes	29·34	5·4½

5. Drill and discipline in all branches of the service have been well maintained throughout the year.

6. The health of the Troops has been good and careful attention has been paid to sanitation.

7. Detachments from the Imperial Service Regiment and Transport Corps were detailed as usual for duty in connection with the Dasara festivities in October 1909.

8. The escort and other duties connected with the Viceregal visit in December 1909 were also undertaken by the Imperial Service Regiment.

9. The Transport of furniture, tents and equipments to the Camp at Kharapur and back was most efficiently carried out by the Imperial Service Transport Corps on the above occasion. Ten officers, 330 Non-Commissioned officers and men, 594 ponies and 224 Transport carts were employed on the above duty.

10. The stages *en route* to the above camp were well selected and much credit is due to the Chief Commandant and officers concerned for the excellent arrangements made for the transport of the staff and servants connected with the Viceregal party and officers and officials of the Mysore service.

11. A detachment of the Imperial Service Regiment was also detailed to assist the police at the Gold Fields in connection with the same visit.

Military, dated 10th December 1910.

The Imperial Service Regiment and Transport Corps also took part in the Review held at Mysore for His Excellency the Viceroy. His Highness the Maharaja and General Drummond, the Inspector-General of Imperial Service Troops were also present. His Excellency was pleased with the march past and general appearance of the troops on parade. His Excellency also visited the lines of the Imperial Service Regiment at Bangalore.

12. Notwithstanding the heavy duties the above Regiment had to undertake in connection with the Viceregal visit, it took part as usual in the Brigade combined manœuvres of the British Troops held from the 16th to the 21st January and also in the Cavalry Brigade Camps held from the 30th January to 2nd February 1910.

13. Two Squadrons of the above Regiment and 11 officers, 330 non-commissioned officers and men, 501 ponies and 183 carts of the Transport Corps were also detailed for duty in connection with His Highness the Maharaja's Birthday festivity and the marriage of His Highness the Yuvaraja of Mysore in June 1910.

14. The Imperial Service Regiment was inspected by the Inspector-General of Signalling and the Deputy Assistant Adjutant-General of Musketry in February and July 1910. The result as regards signalling was found satisfactory but the progress in musketry was reported to be otherwise than satisfactory. This is said to be due to the outbreak of influenza among the horses and less attention having been given to musketry practice.

15. It is gratifying that at the Central Assault-at-Arms and South Indian Rifle Association Meeting held at Bangalore, the Imperial Service Regiment won several prizes, Jamadar Krishne Urs won the first prize in the only jump competition at the Central Assault-at-Arms. All the three prizes offered for the Loyd Lindsay match were also won by the above Regiment at the South Indian Rifle Association Meeting.

16. In the regimental shooting competition of the Hyderabad Imperial Service Troops held in September 1909 the above Regiment, in addition to retaining the cup won in the previous years' competition, won another cup and money prizes.

17. A team of the same Regiment consisting of 3 officers, 9 non-commissioned officers and 8 sowars competed in the Rifle Meeting of the Hyderabad Imperial Service Troops held in November of the same year and carried off prizes amounting in value to Rs. 257-8-0.

18. A team consisting of the Commandant, 2 non-commissioned officers and 4 sowars represented the Imperial Service Lancers in the Inter-Regimental Athletic Meeting of the Imperial Service Troops held at Bhopal in February last.

19. The officers and non-commissioned officers and men selected to attend the signalling, Pioneer and Gymnastic classes held at Kairyghat, Faridkote and Secunderabad in March and October 1909, were awarded certificates of qualifications. The condition of the ponies and horses attached to the Cavalry Regiment and Imperial Service Transport Corps was good.

20. The several Regimental Funds attached to the Cavalry and Infantry Regiments were at the close of the year in a satisfactory condition.

21. The expenditure under all heads of the Military service amounted to Rs. 12,81,521 against Rs. 12,39,534 of the previous year.

22. The report is on the whole very satisfactory and the excellent remarks recorded by the Inspecting Officer Major Saunders on the high state of efficiency maintained throughout the year by the Imperial Service Regiment and Transport Corps, reflect great credit on the Chief Commandant and his officers.

C. S. BALASUNDARAM IYER,

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 7th December 1910.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. of 1910-11.

Appellant	Vs.	Respondent
Sanjeeviah		Venkatappa.

Subject.

Archakship of the Sri Channakesavaswami temple at Besagarahalli in the Mandya Taluk.

Facts of the case.

One Venkatiah was the barawarddar archak of Sri Channakesavaswami temple at Besagarahalli, Mandya Taluk. Appellant Sanjeeviah is the natural-born son of this Venkatiah and Respondent Venkatappa claims to be an adopted son of the said individual. On Sanjeeviah praying to be appointed sole hakdar, the Deputy Commissioner, in view of the facts that both the parties were in enjoyment of the hak by performing puja in alternate years and that Venkatappa's claim to be the adopted son of Venkatiah was supported by the villagers, directed the continuance of the rotation.

Sanjeeviah has now appealed to Government and urges that respondent is not an adopted son of appellant's father Venkatiah and that even if it should be held that he is an adopted son, he can only have the right of worshipping once in four years and not in alternate years. The parties and their Advocates were heard by Government on 25th November 1910.

Order.

It is hardly correct to regard the office of a pujari as heritable property in the ordinary sense. But as the adopted son has been long in joint enjoyment, it may be hard to deprive him of it at once. The Deputy Commissioner's order giving the office to each in alternate years will therefore not be interfered with. But as the natural born son's right may fairly be considered as superior, the tenure of respondent Venkatappa will determine at his death and will not be allowed to pass to his children. The appellant or one of his descendants will then become the sole pujari.

No. 1518—Muz. 314-09-9, dated Bangalore, 7th December 1910.

Copy of the above is forwarded to the Deputy Commissioner, Mysore District, with the records received with his letter No. 129, dated 14th September 1910.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 7th December 1910.

READ—

Government Proceedings No. 717—Muz. F. 155-92, dated the 25th April 1893, directing the assumption by Government of the management of the Bisagni Matt and its endowments in the Chikmagalur Taluk.

2. Letter No. 80, dated the 16th August 1910, from the Deputy Commissioner, Kadur District, reporting that the Guru elect Siddaviraswami has attained majority and is sufficiently educated for the place he is to occupy and also capable of managing the Matt affairs himself, and recommending that the nomination of the Guru elect may be recognized by Government, the management of the Matt be restored to him and that certain persons be appointed Dharmadarsis of the Matt as prayed for by the disciples.

No. 1545-8—MUZ. 127-10-2, DATED BANGALORE, 7TH DECEMBER 1910.

ORDER THEREON.—The Government of His Highness the Maharaja are pleased to recognize the succession of Siddaviraswami as Ayya of the Bisagni Matt and to direct that the management of the Matt and its endowments be restored to him. Government consider that no Dharmadarsis need be appointed unless complaints of malversation be received in future.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 20th December 1910.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. of 1910-11.

Appellant.	*vs.*	Respondent.
Rangappa		Thimmappa.

Subject.

Archakship of the Sri Varadarajaswami temple at Ganagalur, Hoskote Taluk.

Facts of the case.

The Sri Varadarajaswami temple at Ganagalur is a Muzrai institution endowed with wet and dry inam lands. One Venkatappa and his son Varadappa were pujaris of this temple. Varadappa having no male issue, respondent Thimmappa, son-in-law and sister's son of Varadappa, succeeded him. Respondent left the village about the year 1898 and one Sanjeevappa of Channarayanapur performed puja for a short time. Then appellant Rangappa, a son-in-law of this Sanjeevappa, began to perform puja. In the year 1905, petitions were presented about the pujarishiip; some of the villagers being in favor of the appellant, and some, in favor of the respondent. On receipt of a report submitted by the Amildar after enquiry, the Deputy Commissioner of the Bangalore District directed that the respondent should be registered as the pujari. Appellant then appealed to Government urging that he belonged to the hakdar family, that his father Sanjeevappa had mortgaged the office to pujari Venkatappa refered to above and that the appellant had redeemed the mortgage by paying the money due to Puttamma, wife of Varadappa and daughter-in-law of Venkatappa and had been performing puja for about 18 years. The documents relied upon by the appellant having been produced before Government for the first time, the Deputy Commissioner was requested to enquire about the genuineness of these and in submitting his opinion in the matter, to report also if appellant had been performing puja for 18 years as alleged. The Deputy Commissioner now reports that the documents are not genuine and that appellant had been performing puja since 1899 only and not for 18 years as alleged by him.

The parties were heard before Government on 25th November 1910, the appellant being represented by an advocate also.

Order.

The documents were introduced at a very late stage and the Deputy Commissioner is right in holding that they have not been proved.

The appeal is dismissed and the Deputy Commissioner's order is confirmed.

MEMO NO. 1609—MUZ. F. 33-06, DATED BANGALORE, 20TH DECEMBER 1910.

Copy is forwarded to the Deputy Commissioner, Bangalore District, with the records received with his letter No. 14, dated 15th September 1910.

Proceedings of the Government of His Highness the Maharaja of Mysore, Public Works, dated 19th December 1910.

READ—

Government Proceedings No. R. 9898-938—L. R. 193-08-62 dated the 25th May 1909, communicating to all Heads of Departments and Deputy Commissioners of Districts that the Topographical Survey Maps of the Mysore State, supplied free of charge by the Government of India Survey Department, are issued to them, on requisition, by the Chief Engineer of Mysore.

2. Note dated the 9th October 1909 by the Secretary to Government in the Public Works Department, submitting a list of Officers to whom the Topo maps may be supplied and suggesting that the free issue of these maps be restricted to those officers.

No. 1337-70—10536-89, DATED BANGALORE 19TH DECEMBER 1910.

ORDER THEREON.—The Topo maps are indispensable to Engineers and are of considerable value to the Officers of the Revenue, the Forest and other Departments. But as a limit must be placed on the number to be distributed, Government are pleased to direct that the maps be issued free of cost only to the Officers mentioned in the list hereto appended.

READ—

The following papers * on the subject of maintaining Capital and Revenue accounts of irrigation works in the State :—

(1) Note dated the 26th November 1907 by Mr. W. McHutchin, M.I.C.E., Chief Engineer of Mysore.

(2) Proceedings of the committee held on 2nd September 1907 for the consideration of the question of maintenance of Capital and Revenue accounts of irrigation works in Mysore.

(3) Further notes and memoranda by the Members of the committee.

(4) Memorandum dated the 30th July 1910 by Mr. M Visvesvaraya, M.I.C.E., Chief Engineer of Mysore.

No. 1387-90—10821-4, DATED BANGALORE, 24TH DECEMBER 1910.

ORDER THEREON.—It is observed that, in recent years, the returns on the large capital expenditure incurred on irrigation works in the State have been low and that the Capital and Revenue accounts maintained for them do not correctly exhibit the financial results of the works, one grave defect in the system of accounts being that land rate is not separated from the returns due to irrigation.

2. In November 1906 Government referred the subject for careful enquiry and report to a Committee consisting of the Chief Engineer, the Revenue Commissioner, the Survey Superintendent and the Comptroller of Mysore. The Committee submitted in September 1907 a report of their proceedings together with definite suggestions as to the form of accounts to be adopted in future.

3. The recommendations of the Committee, after full consideration of Government in the Revenue Department, were referred to the present Chief Engineer for further criticism. The latter officer has recorded his opinion in a memorandum dated the 30th July 1910.

4. Government agree with the views of the present Chief Engineer and desire that, in consultation with the Revenue Commissioner and the Comptroller of Mysore, he should prepare the necessary forms and rules for maintaining the accounts on the lines suggested in his memorandum and submit the same for the orders of Government at an early date.

M. VISVESVARAYA,
Secy. to Govt., P. W. D.

To—The Secretary to Government, General and Revenue Departments.
The Revenue Commissioner in Mysore.
The Comptroller of Mysore.
The Superintendent, Revenue Survey and Settlement in Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Note dated 26th November 1907 by Mr. W. McHutchin, M.I.C.E., Chief Engineer.

A copy of the proceedings of the meeting of the Committee held on 2nd September 1907 was circulated by me to the members of the committee for consideration and for favour of any remarks or suggestions they might desire to make.

In accordance with the suggestion of Mr. A. Rangasami Iyengar, Revenue Commissioner, two extra columns have been added to the proposed form of Administrative Accounts to be maintained in future showing increases in revenue promised and actually realised (columns 22 and 23).

The only other suggestions made by any member of the committee were two by Mr. U. L. Majumdar.

(1) That to prevent any vagueness a limit should be set as to what kind of work should be treated as an "improvement."

(2) That separate accounts be kept for every individual irrigation work in the Province giving for each the area of land served, the revenue realized, value of crop raised, etc.

In regard to (1), in my opinion there is not the least doubt as to what should be considered an "improvement." An "improvement" can only mean that after "improvement" the irrigation work must be capable of irrigating a larger area than it did previously and thus give increased revenue. This can only be done by increasing the capacity of a tank, by enlarging and extending a channel, or by increasing the discharging capacity of a feeder channel to a tank fed from a river. It does not mean any increase, in the rates of assessment under an irrigation work without a corresponding increase in area to be irrigated on account of improvement.

In regard to (2). I am entirely in accord with the remarks of the Revenue Commissioner as given in his note dated 13th November 1907, and I am of opinion that it is not only impossible at present to maintain the proposed accounts for these minor works but that it is unnecessary to do so, as the expenditure incurred on account of these works is merely for their maintenance and repair, and should be considered as being expenditure necessarily incurred out of the revenue derived from them.

Proceedings of the meeting of the Committee held on the 2nd September 1907 at the Public Offices for the consideration of the question of the maintenance of Capital and Revenue Accounts for irrigation works.

PRESENT.

W. McHutchin, Esq., M.I.C.E., Chief Engineer and Secretary to Government, Public Works Department.

A. Rangasami Iyengar, Esq., B.A., B.L., Revenue Commissioner in Mysore.

U. L. Majumdar, Esq., M.A., Comptroller of Mysore.

D Shama Rao, Esq., Superintendent of Revenue Survey.

Resolved :—

(1) That the maintenance of Capital and Revenue accounts for selected irrigation works is desirable.

(2) That as most of the irrigation works in the Province are of a protective character, the only exceptions being the channels on the Cauvery river and its main branches, the classification of irrigation works into Productive and Protective works, as adopted in the Government of India forms of accounts, is therefore unnecessary.

(3) That as most of the irrigation works in the Province are tanks (nearly the whole of which are old works which have been either merely restored to their original standard, or improved to impound the same quantity of water originally stored by them, by raising the weir level to compensate for the silting up of their beds), it is unnecessary to maintain Revenue and Capital accounts in the same forms as adopted by the Government of India.

(4) That it would be sufficient to maintain a modified form of the present Administrative Accounts, showing separately in the case of all restored old irrigation works, (1) cost of restoration to original condition to ensure the revenue originally derived from it, and (2) the cost incurred for its improvement from which increased revenue is expected to be obtained.

(5) That, as it would take a very long time to obtain the required information for the numerous works (there are nearly 2,500 unbreached tanks yielding over Rs. 300 annual revenue), accounts in the proposed modified form should be maintained at present for all

Public Works, dated 24th December 1910.

tanks yielding an annual revenue of Rs. 1,000 and above, as well as for all works which have involved a capital outlay of more than Rs. 25,000.

(6) That for all irrigation works yielding a revenue of Rs. 300 and above, the necessary information for filling in the proposed modified form of accounts should in the meantime be obtained, and when this information is complete similar accounts should be maintained for them.

(7) That for all other irrigation works (there are probably 20,000 of these) no Capital and Revenue accounts need be kept, as the expenditure on such works is necessarily incurred in the ordinary course of administration for their maintenance and in consideration of the revenue dependent upon them.

Bangalore,
12th September 1907.

Members of the Committee—
(Sd.) W. McHutchin,
Chief Engineer and Secretary to Government,
Public Works Department.
(Sd.) A. Rangasami Iyengar,
Revenue Commissioner in Mysore.
(Sd.) D. Shama Rao,
Superintendent of Revenue Survey.

D. O. dated 12th September 1907 from the Chief Engineer of Mysore to the Revenue Commissioner in Mysore.

I send, for your approval, the accompanying draft proceedings of the meeting of the Committee held on the 2nd instant in my office to discuss the question of the maintenance of Capital and Revenue accounts for irrigation works. As I had to go out to Sivasamudram immediately after the meeting was held, I was unable to send the proceedings earlier. On its return from you, I shall have it circulated to other members. I also send herewith two alternative modified forms of the present Administrative Accounts to be adopted in future. I prefer Form B which I consider the simpler of the two, and at the same time it gives all the information contained in Form A. In both these forms, particulars as to "increase promised" (of revenue) have been omitted; it is not usual even in the Government of India system of accounts to include such particulars.

D. O. No. 58 dated 13th September 1907 from the Revenue Commissioner in Mysore to the Chief Engineer of Mysore.

I acknowledge the receipt of your letter of the 12th instant with draft proceedings of the Committee *re* the maintenance of Capital and Revenue accounts for irrigation works.

I am also for Form B as it contains a smaller number of columns than Form A. But whatever form be adopted I would suggest the opening of an additional column to show "increase promised" as it is very necessary for comparing the amount realized with what was anticipated. No doubt the column "Percentage of return" will give an idea of the profit realized on the capital outlay but this may not be quite sufficient to judge the actual results of the outlay on new works.

The draft proceedings and the forms are herewith returned.

Memo No. 274 dated 17th September 1907 from the Comptroller of Mysore.

I would invite the attention of the Committee to the review of Irrigation in British India in 1905-06, published in the Supplement to the Gazette of India, dated 31st August 1907, which is a very luminous report on the subject drawn up by the Accountant-General, Public Works Department.

2. Comparing the works in Mysore with corresponding works in British India it appears to me—

(1) there need be no classification of works into Productive and Protective as already settled;

(2) the system of maintaining Capital accounts need not be indefinitely extended (also settled by the Committee);

Proceedings of the Government of His Highness the Maharaja of Mysore,

(3) in the case of *improvements* to old works only revenue accounts need be maintained; but in order to prevent any vagueness a limit may be set as to what kind of work should be treated to be an "improvement."

The analogy between Madras and Mysore smaller tanks is complete and for these no Capital and Revenue accounts are necessary.

Up to this point the decisions of the Committee are quite sound. But even when separate Capital and Revenue accounts are not maintained for finance purposes, it is still necessary to justify the expenditure from the point of view of public usefulness. This is done in every case in British India by keeping an account of the area of land served by the particular irrigation works, the total value of crops raised and rent per acre, etc.

I think an administrative return of the same nature is necessary in Mysore, *in all cases*, in order that Government and the public may have an idea of the useful work actually done by the tanks. This requires suitable changes in the form of administrative accounts.

I trust in view of the importance of this question the Chief Engineer will kindly circulate this note among the members of the Committee with a copy of the Accountant-General's review referred to above.

Memo No. 68 dated 23rd September 1907 from the Superintendent, Mysore Revenue Survey.

The decisions arrived at by the Committee on the several points considered have been correctly embodied in the draft proceedings put up, which has my approval. I also approve of the statement, marked C, which is only a copy of statement B, with two columns added on, as suggested by Mr. A. Rangaswami Iyengar, to show the increase of revenue promised and the increase actually realized.

From the note of the Comptroller dated the 17th September 1907, I understand that he wants to maintain some sort of a general account to show the income realized from *all* works for which no Capital and Revenue accounts are kept, and that this is required for the purpose of seeing whether the amounts spent on such works of irrigation are on the whole usefully spent or not. The Committee have already resolved to collect the necessary information for filling in the proposed modified form of accounts for all irrigation works yielding a revenue of Rs. 300 and above and to maintain similar accounts for them when this information is completely forthcoming. I think it would be almost impossible to maintain such an account for all the other smaller irrigation works yielding a revenue of less than Rs. 300. I however do not see any detailed accounts maintained in respect of the works of the kind in question even in British India.

Note dated 13th November 1907 from the Revenue Commissioner in Mysore.

I have only to consider the concluding remarks of the Comptroller suggesting the preparation of an administrative return. He maintains that an account is kept in British India of the area of lands served by each particular irrigation work, the total value of crops, rent per acre, etc. But I have not been able to refer to any publication indicating that such is the case. He perhaps infers that such an account is kept from the observations contained in para 20 of the Government of India review which I was able to get from the *Bombay Gazette* of 12th September 1907 after some delay. In this para, reference is made to minor works in the Madras Presidency consisting of 28,000 tanks and 6,000 irrigation channels for which no Capital or Revenue accounts are kept, and it is stated that the expenditure during 1905-06 amounted to nearly Rs. 30,00,000 of which about one-fifth was spent by Civil Officers, that the area charged as irrigated by these small works aggregated to 3,300,000 and odd acres and a total revenue of over Rs. 83,00,000 was realized. But it is not clear where this information was taken from. Probably the figures are taken from the Provincial Revenue and Administration Reports of Irrigation Works, of the total area irrigated and the total land revenue collected and of the aggregate amount spent on the minor irrigation works by Public Works and Civil Officers. Similar details in the aggregate may also be collected here but not in the case of each work. To order the maintenance of such an account, it is needless to state, would cost much labour and expense as we have nearly 20,000 tanks and each item would have to be treated as a ledger head. It must also be noted that while in the Madras Revenue system the ordinary Land Revenue is separated from the tax on irrigation, thus making it easy to distinguish the total amount collected on account of charge of irrigation, the Mysore Survey have imposed a combined assessment from which it is impossible to differentiate the actual land tax and the assessment due to irrigation. In my humble opinion, therefore, it is impossible to maintain the account which the Comptroller proposed as things stand at present in Mysore. I regret the delay in my reply which was unavoidable as references had to be hunted up.

Public Works, dated 24th December 1910.

CAPITAL AND REVENUE ACCOUNTS OF IRRIGATION WORKS IN MYSORE.

Memorandum dated the 30th July 1910 by Mr. M. Visvesvaraya, M.I.C.E., Chief Engineer of Mysore.

The Hon'ble Mr. Fraser in a D. O. letter No. 54C dated the 24th April 1906, to the address of the late Dewan, stated that the returns from capital expenditure on irrigation works in Mysore compared unfavourably with those in British India. He suggested the maintenance of accounts for a larger number of works and in greater detail than at present, and the exercise of closer scrutiny on capital outlay on new works in future.

2. For convenience of reference, in the following paragraphs, the Residency criticisms and suggestions are reproduced on the left hand margin in juxtaposition to the explanations pertaining to each.

The net revenue derived from Major irrigation works in the Mysore State during 1903-04, was comparatively smaller than in British India and was not even sufficient to cover interest charges on capital outlay.

3. The basis of calculation adopted in the Administrative Accounts in Mysore is not the same as in British India. Much of the expenditure shown as capital in the Mysore return was incurred on restorations and special repairs which in British Territory is usually debited to revenue.

The bulk of the capital outlay in British Territory is on productive works which are generally large canal systems fed by perennial streams. The Mysore works are small in magnitude, being either channels or tanks. As in industrial concerns, *the larger a work, other things being equal, the cheaper the output.*

The productive works are constructed chiefly from borrowed capital. The major works in Mysore are entirely from revenue.

Protective works in British Territory are constructed from funds set apart for Famine Relief and Insurance. We have no such arrangement here.

The works for which capital accounts are kept in Mysore correspond more nearly to *Minor works* in British Territory for which capital and revenue accounts are kept. But with this difference that the capital outlay in the Mysore return is over-estimated, and the works include a larger number of small tanks which give lower returns than the Minor works in British India.

Irrigation from tanks is more costly than irrigation from river channels on account of the additional expense in the former case of storing the water. The irrigation works in the districts of Mysore and Hassan, which consist mainly of river channels, are a case in point. They give higher returns than works in other districts.

This unfavourable financial result in respect of works which are presumably not of a merely protective character would seem to call for serious consideration.

Steps should be taken to make the irrigation works if not remunerative, at least self-supporting.

4. As most of the tank works have a protective value, Government have to be content with a return of 2 or 2½ per cent on outlay. Generally speaking, nowhere in India do tank works give a higher return than this. There are many indirect advantages from irrigation tanks which do not admit of money valuation but which should be taken into account in estimating the value of the works to the State.

The expansion of land revenue has not been commensurate with the irrigation expenditure.

5. The works dealt with in the Residency letter form a very small part of the total number of works in the State. They give a return of about three lakhs a year while the total irrigation revenue of the State is 40 lakhs. If we exclude the Malnad irrigation, the revenue will be about 31 lakhs.

As matters stand, the irrigation revenue of the State will depend largely on the care taken in maintaining and improving the old works. The results on the major works do not represent correctly what is happening on the much larger irrigation system in the State.

Government of His Highness the Maharaja of Mysore,

One reason of small returns on the new works has already been explained in paragraph 3 above, namely, that much of the outlay properly debitable to revenue is treated as capital.

The average annual expenditure on irrigation works excluding Marikanave Reservoir, for the past ten years, but including that on the so-called original works amounted to about Rs. 6½ lakhs (*vide* statement 1). Of this, 4¼ lakhs are treated as capital expenditure. The maintenance account is debited with the balance of 2¼ lakhs against a consolidated revenue of 40 lakhs.

The maintenance outlay as compared to revenue seems very inadequate. More money might be spent with great advantage on maintenance particularly on the minor tanks.

6. The old tanks are constantly getting silted and a slow but steady deterioration is going on. In order to maintain the revenue of 40 lakhs, new works and extensions must go on to take the place of the works which are deteriorating.

The Mysore Government are doing this to some extent. Only they treat the greater part of the outlay as capital instead of legitimate maintenance expenditure.

To say in these circumstances that the return from this capital is inadequate is putting the system to a severe test.

Compared with the experience of British India, six or seven lakhs would not be too large an outlay to maintain a revenue of 40 lakhs.

The expenditure on the Marikanave Reservoir is excluded from these figures. That work, which has not proved a success so far from a financial point of view, stands by itself.

Revenue from supply of water should be separated from land revenue in respect of irrigation works, the maintenance of which is undertaken by Government.

7. If our accounts are to be brought into line with the system in British India, this suggestion should be adopted for all works, even for those for which only revenue accounts are kept. There should be no difficulty in estimating the land share of the consolidated revenue.

Capital and revenue accounts should be introduced as in British India, as they will make the financial results clear.

Revenue accounts may be maintained for works whose original cost of construction cannot be ascertained.

8. The suggestions of the Hon'ble the Resident in this respect may be carried out, with necessary changes for local conditions, with great advantage.

Capital and revenue accounts, or revenue accounts as the case may be, should be opened in respect of works yielding not less than, say, Rs. 300 per annum.

It should be sufficient to maintain capital and revenue accounts for all *new works* or *extensions* which have cost Rs. 25,000 or more as at present, or which yield a revenue of more than Rs. 1,000 each.

The distinction between extensions and improvements and renewals and special repairs should be made more clear than it is at present.

There are over 2,500 old tank works each of which yields a revenue of Rs. 300 or more. It is impossible to keep Administrative Accounts for so many except by classing them into groups.

The classification of works in British India into Productive, Protective and Minor, may be adopted.

9. The classification in British Territory is an accident of the financial exigencies of the Government of India. As explained already, we have no Productive Works here constructed from loan funds.

The classification best suited to our conditions appears to be as follows:—

A profit and loss account may be maintained for all the larger and more important works and not merely for works involving an outlay of Rs. 25,000 and more.

I. Works for which capital and revenue accounts are kept.—These will include new works and extensions of old works costing Rs. 25,000 each and above, and new works, whatever the cost, which yield a wet revenue of Rs. 1,000 or more. The accounts will be kept by individual works.

II. Major Works for which revenue accounts are kept.—These will include old works which yield a revenue of between

Rs 300 and 1,000 each. In the Administrative Accounts, the results will be grouped together for each District Accounts for individual works may be maintained by the Deputy Commissioners on forms supplied to them

III. Minor works for which revenue accounts are kept.— These may include all works which yield a revenue of less than Rs. 300 The results may be shown by Taluks The Amildar of each Taluk may be required to maintain administrative returns for individual works

The accounts of Class I may be on the lines of those in British India but somewhat simplified to suit local conditions.

For Classes II and III, only revenue accounts may be kept showing revenue, outlay, area irrigated, nature of crops, value of produce, etc.

Detailed statements may be maintained for each work in the Districts and Taluks concerned but the Administrative Accounts will show the works of each class grouped, as the case may be, under the District or Taluk concerned.

10. The Committee appointed on the last occasion decided not to maintain accounts for works yielding a revenue of less than Rs 300 per annum. There are over 20,000 such tanks in Mysore yielding, in the aggregate, a revenue of 12 to 13 lakhs, that is, nearly one-third of the irrigation revenue of the State. The Administrative Returns of irrigation works in the State cannot be said to be complete if this important class of works is omitted

The late Comptroller, Mr. Majumdar, was of opinion that an Administrative Return is necessary for *all* irrigation works in the State "in order that Government and the public may have an idea of the useful work done by the tanks."

If we do not number and classify the works according to their character and locality, we shall never know whether the works are growing or sinking We shall be going blindly, and in the event of a fall of revenue, we shall never know where to apply the remedy.

11. The total area annually irrigated in the State is about 850,000 acres. The gross consolidated revenue is 40 lakhs (*vide* statement II) If land assessment is deducted at the rate of Re. 1 per acre (or 8½ lakhs), we get an irrigation revenue of 31½ lakhs.

The net revenue from irrigation after deducting the annual outlay on maintenance of 6½ lakhs amounts to 25 lakhs which capitalized at 4 per cent will amount to 600 lakhs. The State has thus an asset of over 6 crores in its irrigation works which it is desirable to maintain and develop by liberal expenditure on repairs and renewals.

12. Without the tanks, there will, in many places, be no water, no villages or population or cultivation. There are numerous instances of people having migrated from the neighbourhood of tanks which have breached but have not been restored In many places, dry cultivation on the Mysore table-land cannot subsist without tanks to supply water to men and cattle. It would not be wrong to assume that fully 50 lakhs out of the total land revenue of 100 lakhs in the State is dependent, directly or indirectly, on irrigation.

13 If the classification proposed in paragraph 9 is approved, the necessary forms and rules for the accounts will be prepared in consultation with the Revenue Commissioner and the Comptroller and submitted for orders.

As suggested by the Hon'ble the Resident, the results may be briefly reviewed annually in a separate Administrative Report of Irrigation Works as in British India.

FORM C.—Annual Farm Accounts of Irrigation Works for 1905-6

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ THE FOLLOWING PAPERS—

I. Note No. 148, dated the 9th April 1910, from the Secretary for Railways to the Government of Mysore.

"I beg to submit for sanction of Government, budget estimates for the year 1910-11, with the following brief remarks.

Receipts.

These are estimated at Rs. 11,88,000 from information obtained from the Madras and Southern Mahratta Railway Company, which is subject to revision by the Comptroller. The receipts for the year 1909-10, estimated at Rs. 10,39,000, have since been revised to Rs. 10,95,000. The increase appears to be due to the general improvement in traffic.

Expenditure.

This is estimated at Rs. 10,40,000 for the year 1910-11. The estimated expenditure for 1909-10 was Rs. 11,23,494. The distribution of the former amount among the several heads is given below:—

I. OPEN LINES.

Construction works.—Rs. 3,04,300.

(i) *Mysore-Harihar line.*—A sum of Rs. 2,42,436 is provided as shown below:—

	Rs.
(1) Sanctioned or incomplete works of previous years ...	91,606
(2) New works	1,40,830
(3) Reserve for unforeseen works	10,000

The Company's estimate aggregates Rs. 2,57,436, but from the detailed statement accompanying, it will be seen what provision has been allowed and what struck off. The grant for the year 1909-10 amounted to Rs. 3,25,434.

Proportionate share of General Stores balance debitable to the Mysore State Railway.—The Agent in para 4 of his letter No. 416 (a)—340—W. 7593, dated 28th March 1910, in forwarding the budget estimates, states that no additional provision has been made on account of share of General Stores balances, as the Company cannot foresee how the store balances will stand at end of 30th June 1911. However, to meet contingencies, a provision of Rs. 50,000 has been made.

(ii) *Birur-Shimoga line.*—A sum of Rs. 3,800 only has been allowed against a sum of Rs. 16,900 asked for by the Company. The grant for the year 1909-10 was Rs. 8,300.

(iii) *Mysore-Nanjangud line.*—A sum of Rs. 600 only has been provided for improvements to Nanjangud Town Station. This represents merely the balance of amount required towards the estimated cost of Rs. 4,558 for the work.

(iv) *Kolar Gold Fields Railway.*—Against a sum of Rs. 10,000 asked for, Rs. 7,464 only is provided. The grant for the year 1909-10 amounted to Rs. 760.

II. SALOON CARRIAGES.

A sum of Rs. 3,000 is provided to meet the usual charges of maintenance and minor repairs to State Saloons.

III. DIRECTION AND ACCOUNTS.

The charges under this head aggregate Rs. 6,732 against Rs. 7,300 for 1909-10. The decrease is due to certain reductions ordered by Government having been given effect to, as will be seen from the remarks entered in the detailed budget.

IV. RESERVE GRANT.

A sum of Rs. 5,967 has been provided under this head to meet unforeseen contingencies. This was estimated at Rs. 4,700 for the year 1909-10.

V. INTEREST.

This item calls for no remarks.

2. A copy of this Note together with copies of the budget estimates will be forwarded to the Comptroller."

II. Government Proceedings No. Fl. 352-92—G. F. 549-09-2, dated 25th July 1910, sanctioning the State Budget Estimates for the year 1910-11.

No. 258—Ry. F. 29-10-11, DATED BANGALORE, 9TH DECEMBER 1910.

ORDER THEREON.—The State Railway Budget Estimates for the year 1910-11, as included and sanctioned in the Government Order read above, will be printed and copies forwarded to the officers concerned.

Proceedings of the Government of His Highness the Maharaja of Mysore,

2. The budget provides for an income of Rs. 11,20,000 and an expenditure of Rs. 10,20,000 against Rs. 10,39,000 and Rs. 10,20,000, respectively, for the year 1909-10.

3. The Agent, Madras and Southern Mahratta Railway Company, should be requested to supply in future estimates of revenue, expenditure and stores for the Mysore State lines in the same way as is done in the case of other lines forming the Company's system.

M. VISVESVARAYA,
Secy. to Govt. for Railways.

To—*The Secretary to Government, General and Revenue Departments.*
The Comptroller to the Government of Mysore.
The Comptroller to the Government of Mysore, Public Works and Railway Branch.

Ext.—C. R.

Railway. dated 9th December 1910.

REVENUE

SECTION 1—LAND REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	R 3677—L R 27-10-18 ...	2	Rev. Commissioner ...	Recording his letter reporting the occurrence of an accidental fire in the village of Sunkadakatte in the Honnali Taluk, on the 9th January 1910, which resulted in the destruction of property worth about Rs. 1,578.
2	R 3678—L R 156-10-2 ...	2	Compiler, *Mysore Gazette*	Notifying the transfer of Mr. D. Srinivasiengar, B.A., Assistant Commissioner, attached to the Police Department, to the Shimoga District, for charge of the District Treasury with the powers of a 2nd Class Magistrate during the employment of Mr. L. Krishna Rao on jamabandi duty or until further orders, and also his investment with the power to commit persons for trial to the Sessions Court under Section 206 of the Criminal Procedure Code.
3	R 3683-5—L R 24-10-21...	2	Rev. Comr., Survey Supt. and Comptr.	Directing the substitution of the figures Rs. 7,554 and Rs. 14,116-8-0 for Rs. 7,354 and Rs. 13,916-8-0, respectively, in the margin of Government Order No. R. 3055-7—L. R. 24-10-19, dated 10th November 1910, sanctioning the increased potgi of Rs. 1,809-4-0 to the village officers of the Mandya Taluk due to decennial revision.
4	R 3690—L R 108-10-4 ...	3	Compiler, *Mysore Gazette*	Notifying the cancellation of the privilege leave for fifteen days granted to Mr. K. Subba Rao, Assistant Commissioner attached to the Revenue Commissioner's Office, in Notification No. R. 2035—L. R. 108-10-2, dated 30th September 1910.
5	R 3692—R M 329-06-4 ...	3	Rev. Commissioner ...	Rejecting the appeal of Thajakhan against the order of the Revenue Commissioner, cancelling the sale to the appellant of Survey No. 35 of Jodi Balmuri Yedathittu, Seringapatam Taluk, held for the arrears of revenue due thereon, as there seem to be good grounds for the Revenue Commissioner to have suspected fraud in the sale transaction.
6	R 3693—R M 329-06-4 ...	3	Thajakhan, Cloth Merchant, Mysore	Informing him of the above order.
7	R 3697—L R 5-10-48 ...	3	Srikantaiya, retired Shekdar, Hassan	Informing him that Government decline to interfere with the order of the Revenue Commissioner retiring him from service, as he has been declared to be inefficient.
8	R 3705-6—L R 170-10-2...	3	Rev. Comr. and Survey Supt.	Sanctioning the appropriation of Survey No. 61 (Government waste) measuring 11 acres and 25 guntas and assessed at Rs. 20 of Savakkanahalli, Devanhalli Taluk, for a new village site.
9	R 3709—L R 139-10-2 ...	5	Compiler, *Mysore Gazette*	Notifying that Mr. A. K. Syed Taj Peeran, B.A., Assistant Commissioner, in charge of the

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
				Tumkur District Treasury, was granted nine days' privilege leave from 23rd September 1910, and that the District Excise Officer, Tumkur, was in charge of the District Treasury during that period.
10	R 3724—L R 132-10-4 ...	5	Compiler, *Mysore Gazette*	Notifying that Mr. G. S. Ramaswamy Iyengar, B.A., continued to act as Amildar and 3rd Class Magistrate of the Hassan Taluk, during the six days' extension of privilege leave from 21st October 1910, granted to Mr. S. N. Appanna Iyengar, Amildar of that Taluk.
11	R 3727—L R 483-09-18...	6	I. G. of Registration ...	Informing him that the names of B. Ananda Rao and J. Srikanta Rao are already on the approved list of candidates eligible for Amildari and Deputy Amildari and that the name of C. Jaya Rao may be included in the statement to be submitted by him in May next.
12	R 3728-9—L R 138-10-2...	6	Rev. Comr. and Comptr.	Sanctioning the additional expenditure of Rs. 20,083-12-0 to meet the increased potgi payable to patels and shanbhogs in the Hiriyur, Holalkere, Chitaldrug and Jagalur Taluks, in accordance with Government Order No. R. 853-55—L. R. 434-09 2, dated 10th August 1910, and requesting him to repeat his application for funds in February next (1911), if he finds it impossible to obtain the amount by reappropriation then.

5	Fl 2970-1—S&A 296-10-2	5	Comptr. and Dy. Comr., Mysore	Sanctioning a pension of Rs. 3-8-0 to Halli, late revenue peon, Mandya Taluk.
6	Fl 2983-4—S&A 306-10-2	5	Comptr. and Dy. Comr., Chitaldrug	Sanctioning a pension of Rs. 3-8-0 to Adavi, late Gollar, District Treasury, Chitaldrug.
7	Fl 3017—S & A 267-10-2	7	I.-G. of Education ...	Returning the travelling allowance bills for October of Educational Officers, Messrs. V. S. Sambasiva Iyer, T. R. Venkatasami Naidu, and C. Krishna Rao, with the observation that the amended Act 540 having been sanctioned on the 30th September 1910, cannot affect claims for journeys performed prior to its introduction, as no retrospective effect can be given to it.
8	Fl 3021-2—S&A 242-10-2	7	Senior Surgeon ...	Declining to sanction the condonation of the break from 28th September 1904 to 25th September 1907 in the service of Raghavendra Rao, Clerk, District Hospital, Mysore, caused by his removal for having overstayed leave, as the vacancy caused by his removal was substantively filled up.
9	Fl 3023-4—S&A 52-09-2	7	Comptr. and I.-G. of Police	Sanctioning the ordinary rate of travelling allowances claimed by Mr. T. F. Wilkinson, retired Superintendent of Police, Kadur District, for the journey performed by him to and from Dharwar, and other places in British Territory in August, September and December 1909, and January 1910, to watch the trial of the case in which a notorious gang known as Pamlores was involved and observing that the presence of the Police officers at the trial of the above case and the conviction of the parties was necessary in the interests of the Mysore State.
10	Fl 3025—S & A 30-10-92	7	Comptroller ...	Sanctioning a bill for Rs. 4-15-2 on account of acting allowance due to Subba Rao, Gollar who acted for the permanent Shroff in the Arkalgud Taluk from the 15th December 1905 to 1st February 1906 when the latter was on privilege leave.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
11	Fl 3043-4—S & A 231-10-2	8	Comptr. and I.-G. of Police	Sanctioning a gratuity of Rs. 101-8-0 to Appanna, late 2nd class Police constable, Goribidnur Taluk
12	Fl 3045—S & A 293-10-2	8	Krishna Rao, late Police dafadar, Mandya	In reply to his petition praying for the grant of a pension equal to half of his salary, informing him that a period of 20 years, 2 months and 2 days in his service, was in the superior grade and 15 years, 4 months and 10 days in the inferior grade, that under Article 276 of Mysore Service Regulations, he is entitled either to a pension of Rs. 5-5-4 and a gratuity of Rs. 67-8-0, or a pension of Rs. 6, that the latter being considered more advantageous, the same was sanctioned to him and that he is not entitled to any higher pension.
13	Fl 3045-6—S & A 381-10-2	8	Comptr. and I.-G. of Police	Extending the benefit of Article 276 of Mysore Service Regulations to Pula Naika, late Police dafedar of Mandya Taluk, who was twice reduced from the superor to inferior service, once on account of his carelessness in not coming out of the station when the Superintendent of Police went there for inspection and another time for his failure in not investigating a case of theft.
14	Fl 3047—S & A 30-10 ...	8	Comptroller ...	Sanctioning a bill for Rs. 1-11-10 on account of acting allowance due to Subbaraya, Gollar who acted for the Nagadi Gumasta, Arkalgud Taluk, while the latter was on privilege leave.
15	Fl 3054-5—S&A 316-10-2	8	Comptr. and I.-G. of Police	Sanctioning a pension of Rs. 3-6-7 to Venkata, late 2nd class Police constable, French Rocks.
16	Fl 3056-7—S & A 330-10-2	8	Comptr. and Dy. Comr., Chitaldrug	Sanctioning a pension of Rs 3-8-0 to Lakki Bhima, late 1st class Revenue peon, Taluk office, Challakere
17	Fl 3061-2—S & A 83-10-40	8	Comptr. and I.-G. of Police	Sanctioning the travelling allowance bill of the Shimoga District Reserve Police Establishment for November 1909, with the observation that the allowances claimed on behalf of two constables who accompanied Mr. Ranoji Rao, Superintendent of Police beyond the State are sanctioned as a special case.

22	J 1836-36 A—Police 120-10-2	17	I.-G. of Police and Dy. Comr., Mysore	Records letter No. 4524—383, dated 9th December 1910, from the Inspector-General of Police, stating that Rama Iyengar and Ramaswami Iyengar, whose prosecution for being concerned in an infant marriage that had taken place at Yelwal, was directed in Government Proceedings No. J 6-7—Police 221-09-2, dated 1st July 1910, were sentenced to pay a fine of Rs. 20 each.
23	J 1848-9—Police 116-10-2	19	I.-G. of Police and Comptr.	Sanctions an outlay not exceeding Rs. 610 for rewarding the police officers and men who exerted themselves in the capture of the Pamlore gang of dacoits in the Kadur District in October 1908 and observes that the institution of a police medal as suggested by the Inspector-General of Police is impracticable, though Government will be glad to consider any proposals about the award of bangles or armlets instead of a medal.
24	Pol 581—Police 63-10-4	20	First Asst. to the Hon'ble the Resident	Forwards a statement showing the cost of the police force employed on the Birur-Shimoga section of the Mysore State Railway for the quarter ending the 30th September 1910, and states that the contribution recoverable from the Madras Southern Mahratta Railway Company amounts to Rs. 493-1-5
25	J 1857—Police 33-10-4 ...	20	I.-G. of Police ...	Records his letter No. 4430—372, dated 5th December 1910, forwarding statements of fresh men entertained and of promotions given to officials in the Police Department during the quarter ending the 30th September 1910.
26	Pol 602—Police 22-10-26	23	First Asst. to the Hon'ble the Resdt.	Forwards with records three commissions issued by the District Magistrate of Hassan to the Chief Presidency Magistrate, Bombay, for the examination of some witnesses at Bombay, in connection with the sandalwood theft case of the Hassan District, and requests also the issue of warrants for covering the transit to Bombay through the British Territory of the several accused persons concerned in the case, for their detention there during the trial before the Commissioner and their resurrender to the Durbar after the trial, as their presence is necessary at Bombay for purposes of identification.

SECTION 2—MUNICIPAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	4718-9—Ml 199-10-2 ...	1	Dy. Comr., Kolar, and Comptr.	Sanctions the acquisition of certain land (Municipal No. 353) in the town of Malur for a public purpose and approves of the proposal to give the owner of the aforesaid land an equal extent of land out of the Municipal vacant site near Patalamma's temple in the town in lieu of money compensation.
2	4720—Ml 199-10-3 ...	1	Compiler, *Mysore Gazette*	Notifies the declaration statement in connection with the above.
3	4850—Ml 97-09-8 ...	5	President, Mysore City Munl. Council	Sanctions with a few alterations, the bye-laws relating to bakeries, sweetmeat shops and native hotels or eating houses and the manufacture, preparation and sale of ice and aerated waters submitted by the President, Mysore City Municipal Council.
4	4851—Ml 25-10-16 ...	5	Compiler, *Mysore Gazette*	Notifies the appointment of Mr. Boriah, Merchant, as a member of the Gundlupet Municipal Board, in place of Mr. Gurumurthappa, resigned.
5	4852—Ml 25-10-16 ...	5	Dy. Comr., Mysore ...	Forwards copy of the above.
6	4854—Ml 183-10-2 ...	5	Dy. Comr., Tumkur ...	Observes that the financial condition of certain Municipalities in the district does not permit of any additional grant and declines, with an observation, the Deputy Commissioner-President's recommendation that certain allotments under "B2 Lighting" and "C2 Public Works" may be sanctioned, as additional grants to the current year's budget estimates of those Municipalities.
7	4855-6—Ml 192-10-2 ...	5	Dy. Comr., Shimoga, and Comptr.	Sanctions a revised estimate amounting to Rs. 689 in lieu of the original estimate for Rs. 600 sanctioned in Government Proceedings No. 10805-6—Ml. 266-08-4, dated the 30th April 1910, for sinking a drinking water well near the honda at Channagiri.
8	4857-8—Ml 352-08-32 ...	5	Dy. Comr., Kadur, and Sany. Comr.	Records the Deputy Commissioner's report that the Sringeri Municipality is in communication with the Sanitary Commissioner about the type and cost of the lift which can be fitted to the open wells in the town and that on receipt of particulars from him, necessary provision will be made in the next year's Municipal budget for the purchase of one or two lifts as funds permit; and states that early effect should be given to the Sanitary Commissioner's suggestion.
9	4900-1—Ml 76-10-12 ...	6	Dy. Comr., Mysore, and Comptr.	Sanctions the proposal to write off the Municipal accounts several items of irrecoverable

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
				arrears of the Municipal taxes of the Nanjangud Municipality up to the end of June 1910 aggregating Rs. 211-8-0.
10	4906-7—Ml 18-10-6 ...	7	Dy. Comr., Chitaldrug, and Ch. Engr.	Condones, with an observation, the absence of Mr. Ramakrishnaiya, Public Works Sub Division Officer, from eight consecutive meetings of the Jagalur Municipal Board.
11	4928-9—Ml 115-10-4 ...	7	Dy. Comr., Bangalore, and Presdt., Bangalore City Munl. Council	Sanctions the acquisition of certain properties in the Bangalore City required for widening and otherwise improving the sanitary condition of the conservancy lanes in the City.
12	4930—Ml 115-10-5 ...	27	Compiler, *Mysore Gazette*	Notifies a declaration statement in connection with the above.
13	4946-8—Ml 156-08-7 ...	8	Presdt., Bangalore City Munl. Council, Presdt., Vakkaligar Sangha, Bangalore, and Mr. H. Ramaiya and others forming the deputation of the Bangalore public	Declines to grant the site on the Fort south glacis to the east of the Fort road to the Young Men's Christian Association for the erection of a building for the Association; and states that the claims of the Vakkaligar Sangha and of the Bangalore public to have the Fort glacis reserved permanently as a public play-ground cannot be recognised and that in modification of the Government Order No. 9434-7—Ml. 379 08-2, dated the 29th March 1909, Government reserve to themselves the right to grant the above site at any future time for building purposes.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
14	4967—Ml 132-10-4 ...	9	Shubdur Ali Shah, Khadri Makandar, Chamarajpete, Bangalore City	With reference to his petition dated the 29th August 1910, complaining that compensation has not been paid to him in respect of certain lands belonging to the Khadri Makkan acquired on account of the Chamarajpete Extension, Shubdur Ali Shah is informed that it is reported that the settlement of the claim is pending on account of a dispute as to the title to receive compensation, that the order of the Principal Munsiff referred to in the above petition has not been communicated to the Municipal office and that in spite of an endorsement issued to him on 28th September 1910, he has failed to appear in the Municipal office with the records relating to his title to the said land and thus delayed the disposal of the matter himself.
15	4970-1—Ml 189-10-4 ...	9	Dy. Comr., Mysore, and Comptr.	Renews the sanction conveyed in Government Order No. 6841-2—Ml. 89-06-24, dated the 5th January 1907, for payment of compensation amounting to Rs. 421-5-0 in connection with the acquisition of certain properties at Nanjangud and calls for information as to whether the loan of Rs. 5,000 sanctioned in Government Order No. Fl. 2295-6– Ml. 18-05-2, dated the 27th September 1905, has not been utilized.
16	4973-4—Ml 184-10-4 ...	9	Dy. Comr., Kadur, and Comptr.	Sanctions with an observation, a bill for Rs. 4-10-4, being the arrears of pay due to Rudre Gowda, late acting Head Manegar of the Chikmagalur Municipality, for the period from the 1st to the 12th May 1908.
17	4976-8—Ml 208-10-2 ...	9	Sany. Comr., President, Bangalore City Munl. Council, and Comptr.	Sanctions the entertainment for a period of three months with effect from the 1st November 1910, of a disinfection staff consisting of one head gangman on Rs. 10 and six coolies on Rs. 8 each per month to carry on disinfection work in the Bangalore City, where plague has assumed an epidemic form.
18	4979-80—Ml 197-10-2 ...	9	Comptr., and President, Bangalore City Munl. Council	Sanctions, with an observation, the extension, till the end of July 1911, of the temporary audit establishment of the Bangalore City Municipal accounts which was sanctioned till the end of October 1910, in Government Order No. 2230-1—Ml. 80-09-31, dated the 2nd September 1910.
19	5007—Ml 178-10-6 ...	10	Siddalingaiya and others of Davangere	With reference to their petition praying that Channaveerappa's temple and land which were very useful to travellers and the public for the purposes of accommodation and worship and which have since been acquired by Government may be restored for the purpose for which they were intended, Mr. Siddalingaiya and others are informed that the lands referred to by them having been acquired under the Land Acquisition Regulation, Government see no reason to interfere in the matter.
20	5030-1—Ml 76-10-13 ...	10	Dy. Comr., Mysore, and Comptr.	Sanctions, the proposal to write off the several items of irrecoverable arrears of the Municipal taxes of the Seringapatam Municipality amounting to Rs. 199-6-0, from the Municipal accounts.
21	5150-61—Ml 338-09-6 ...	13	Sany. Comr., President, Bangalore City Munl. Council, Presdt, Mysore City Munl. Council, I.-G. of Police, and Dy. Comrs. of other Dts.	States that there is no necessity to amend Section 127 of the Municipal Regulation as suggested by the Sanitary Commissioner as Section 48 of the Police Regulation and Section 168 of the Municipal Regulation contain sufficient provision in the matter of prevention of

Serial No.	Proceedings			Subject and Order

				street offences, and directs the Inspector-General of Police to draw the attention of the Police to the provisions contained in the above sections.
22	5162-4—Ml 216-09-11 ...	13	President, Mysore City Munl. Council, Chairman, Mysore City Improvement Trust Bd., and Ch. Engr.	Declines to sanction the proposal to lease for ninety-nine years certain site near the Mysore City Railway Station to Messrs. Narasimhan & Brothers on a reasonable ground rent for establishing a forage factory.
23	5165—Ml 134-10-2 ...	13	Presdt., Bangalore City Munl. Council	Forwards to the Municipal Council for favorable consideration a petition from Mr. B. S. Marappa, President of the Vakkaligar Sangha, praying that 2,000 cubic yards of stones collected by the dismantling of the south Fort wall in the Bangalore City may be granted free of cost for the construction of the Vakkaligar Sangha buildings.
24	5167—Ml 28-10-8 ...	13	Compiler, *Mysore Gazette*	Notifies the appointment of Mr. G. S. David, District Medical Officer of the Kadur District, as a Municipal Councillor of the Chikmagalur Municipal Council.
25	5168—Ml 28-10-8 ...	13	Dy. Comr, Kadur ...	Forwards copy of the above.
26	5210-1—Ml 199-10-5 ...	14	Dy. Comr., Kolar, and Comptr.	Sanctions the acquisition of a house and vacant land belonging to Sheik Hussein, son of Dewan Sabee, in the Mulbagal town for the purpose of opening a conservancy lane in the town.
27	5212—Ml 199-10-6 ...	14	Compiler, *Mysore Gazette*	Forwards a declaration statement in connection with the above.
28	5217-8—Ml 145-10-2 ...	14	President, Mysore City Munl. Council, and Presdt., Bangalore City Munl. Council	States that a bill for each instalment of taxes as it falls due has to be presented to the ratepayers.
29	5307-8—Ml 92-10-8 ...	16	President, Mysore City Munl. Council and Comptr.	Sanctions the writing off the Municipal accounts, the items of irrecoverable arrears of Municipal taxes pertaining to the Chamaraj and Mandy Mohallas of the Mysore City aggregating Rs. 2,098-7-0.
30	5312-3—Ml 342-09-4 ...	16	Presdt., Bangalore City Munl. Council, and Comptr.	Sanctions the Municipal Council's recommendation to supply uniforms to the Sanitary and Assistant Sanitary Inspectors in the Bangalore City at a cost not exceeding Rs. 50 in each case, a moiety thereof being met from the Municipal Funds and the other moiety being recovered from the officials concerned in twelve equal monthly instalments and directs that the suits and boots shall be supplied to the above officials at intervals of not less than eighteen months and the turban at intervals of not less than two years.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
31	5328- -Ml 220-10-2 ...	17	Compiler, *Mysore Gazette*	Notifies that Mr. M. G. Krishnaswami Rao, Vice-President of the Mysore City Municipal Council, is granted privilege leave from the 19th to the 23rd December 1910, both days inclusive, and is permitted to avail himself of the Xmas Holidays from the 24th December 1910 and that during his absence on leave or until further orders Mr. T. Hanumantha Rao, B.A., B.L., Amildar on special duty, will look after the current duties of the Vice-President's office.
32	5329—Ml 220-10-2 ...	17	President, Mysore City Munl. Council	Forwards copy of the above.
33	5450-8—Ml 217-10-2 ...	20	Comptr., Dy. Comr., Chitaldrug, and Dy. Comrs. of other Dts. for information	Sanctions a bill for Rs. 17-11-4, being the balance of commission due to the Patel and Shanbhog of the Chitaldrug Municipality for 1907-08 and states that as these officials are responsible for the collection of the amount, their claim for commission even on the amount not actually received by them but credited in the District Treasury, is admissible.
34	5460-71—Ml 380-09-6 ...	20	Rev. Comr., Dy. Comrs. of Dts., Presidents of Bangalore and Mysore City Munl. Councils and I.-G. of Police	With reference to the action taken by the Municipal Councils of Bangalore and Mysore, *re* the suggestion of the Inspector of Cattle Diseases that hackney and jatka stands and slaughterhouses be periodically inspected by the Veterinary officers, records the Mysore City Municipal Council's resolution deciding to appoint a separate Veterinary officer for the purpose and Bangalore City Municipal Council's resolution stating that as there is already a Veterinary Inspector in the employ of the Municipality who is placed in exclusive charge of jatka stands, hackney carriages and slaughterhouses, no periodical examination by outside officers seems necessary.
35	5472-3—Ml 224-10-2 ...	20	Dy. Comr., Tumkur, and Comptr.	Sanctions the proposal of the Tumkur Town Municipal Council to contribute a sum of Rs. 500 towards the arrangements to be made in connection with the reception of His Highness the Maharaja of Mysore during his visit to Tumkur in January 1911.
